ARLINGTON TOWN RECORDS FOR THE MUNICIPAL YEAR 1919

TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS. MIDDLESEX, SS.

To any of the Constables of the Town of Arlington, in said County:

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires, to meet in their respective voting places in said Town (Precinct One) Town Hall; (Precinct Two) Crosby School House, Winter Street, Monday, the third day of March, 1919, at 5.45 A. M. in Town Hall, Precinct One and at 6 A. M. in Crosby School, Precinct Two, to act on the following articles, viz:

ARTICLE 1. To elect by ballot the following town officers:— a Selectman for three years; a Town Clerk for one year; a Town Treasurer for one year; a Town Collector for one year; an Auditor for one year; a member of the Board of Public Works for three years; a member of the Board of Public Works for two years; one Assessor for three years; three members of the School Committee for three years; one member of the School Committee for one year; two Trustees of the Robbins Library for three years; one member of the Board of Health for three years; one Park Commissioner for three years; two members of the Planning Board for three years; one Trustee of the Pratt Fund for five years; one Commissioner for the Sinking Fund for three years; one Trustee of the Edwin S. Farmer Poor Widows Fund and the Edsin S. Farmer Fund for Needy persons for five years; one Cemetery Commissioner for three years; a Tree Warden for one year; one or more Constables for one year. Also, on the same ballot to vote "Yes" or "No" upon the question "Shall licenses be granted for the sale of intoxicating liquors in this Town?"

The polls will open at 5.45 A. M. in Precinct One, Town Hall, and at 6.00 o'clock A. M., in Precinct Two, Crosby School House, and will be kept open in both precincts until five o'clock P. M.

You are also required to notify and warn the inhabitants aforesaid to meet at the Town Hall in said Town on Monday, the third day of March, 1919, at 5.30 P. M., to act on the following articles:

ART. 2. To choose a Moderator to preside at said meeting.

ART. 3. To choose or appoint all the other usual town officers in such manner as the Town may determine.

The consideration of further business under this Warrant shall be postponed until such later time as the meeting may direct.

ART. 4. To hear and act on the reports of the Board of Selectmen and other Town officers and committees heretofore appointed.

ART. 5. To make an appropriation for the Robbins Library for the ensuing year.

ART. 6. To make an appropriation for the Public Schools for the ensuing year and determine in what manner the money shall be expended.

ARTICLE 1. Taken up. (Choice of Moderator.)

By unanimous choice Jacob Bitzer was elected Moderator

and was sworn to the faithful performance of his duties by the Town Clerk.

ART. 2 taken up. (Extension of Sewerage System.) Voted by a two-thirds vote, one hundred twenty-four voting "Yes" and none voting "No," that the sum of \$8,000 be appropriated for Sewer Extension, \$2,000 to be taken from Sewer Assessments now in the Treasury; and for the purpose of raising the balance of \$6,000, there be issued three serial notes of \$2,000 each, one payable in each of the years 1920, 1921 and 1922, said notes to be issued in accordance with the provisions of Chap. 616 of the Acts of 1910 and Amendments thereto, and to be designated on the face thereof "Sewer Loan of 1919" and to bear interest at a rate not to exceed $4\frac{1}{2}\%$ per annum, payable semi-annually.

All business calling the meeting having been disposed of the meeting adjourned at forty-five minutes after eight o'clock. A true record. Attest:

THOMAS J. ROBINSON,
Town Clerk.

MEETING ADJOURNED FROM MARCH 3, 1919

Pursuant to adjournment the citizens of Arlington qualified to vote in elections and town affairs met in the Town Hall in said Town on Monday evening, March 24th, at 7.45 o'clock, and were called to order by the Moderator, Jacob Bitzer.

On motion of Charles H. Higgins, Article 4 was taken up. (Reports of Committees.)

Under this article Mr. Middleton offered the following report of the Committee on School House Sites and the report was received, accepted as progressive, and ordered filed.

THE REPORT

To the Town of Arlington:

Your Committee, appointed at the Town Meeting of December 7, 1916, under the vote, "that a committee of five be appointed to investigate and select suitable sites for school buildings, one in the vicinity of Franklin and Warren Streets, one in

the Crescent Hill section, one near Mystic Street and one in the Lake Street district," has reported on two lots which have been purchased by the Town, one in the Franklin and Warren Streets section and one in the Crescent Hill section.

It was the opinion of your committee and of those interested in the school situation who were consulted that the above mentioned sites should be purchased at once, as desirable sites in these sections were becoming harder to obtain each year.

After having done some work in the Mystic and Lake Streets districts, your committee believes that, owing to the present conditions — due to the war — it will best serve the Town in recommending that no land in these districts be purchased at this time.

It is the intention of the committee to continue the work as required by the vote of the Town in regard to the purchase of land in these districts, and the committee wishes to submit this as a report of progress.

(Signed) W. I. MIDDLETON.

Mr. William A. Muller presented this report of the committee appointed to "investigate forms of town government," and the report was received, accepted and ordered filed,—and this Committee discharged.

REPORT OF THE COMMITTEE TO INVESTIGATE FORMS OF TOWN GOVERNMENT

Your Committee appointed March 20, 1916, to investigate forms of town government presents the following additional report with the request that it be accepted as final and the Committee discharged.

Since making the last report your Committee has further considered the various forms of town government, has attended meetings where the subject was discussed, and has interviewed citizens of our Town and other municipalities as to the desirability of recommending a change in our present form of government.

It is the opinion of your Committee that a majority of our people feel that no change should be made at present. The

number who favor the Town Manager or General Superintendent plan seems much smaller than when this committee was appointed in 1916. There are a number, however, who are favorable to a limited form of town government similar to that in Brookline.

Your Committee, however, is of the opinion that it is not desirable at this time to recommend a city form of government, a Commission form, or a Town Manager or General Superintendent form; and they further recommend that no action be taken in regard to a limited form of town government until such time as our voters attending town meetings cannot be accommodated by the facilities now offered in our present Town Hall.

There is danger of undesirable legislation under our present form of government due to the absence from meetings of voters who should show by their presence their interest in the welfare of the Town. This danger, however, in the opinion of the Committee, will exist under all forms of government when the public spirit of a community is not sufficiently strong to prevent such attempts to "frame up" and pass undesirable legislation.

Respectfully submitted,

(Signed) WILLIAM A. MULLER.

It was then voted: That the various articles in the Warrant be now taken up and that the recommendations of the Finance Committee under the articles in their report be considered as now before the meeting and in the order in which they appear in said report.

Article 4 was then laid on the table.

Article 34 taken up. (Town ways, highways and bridges.)

Voted: That the Town ways, highways and bridges be repaired during the ensuing year under the direction of the Board of Public Works.

Article 35 taken up. (Selectmen agents of the Town.)

Article 42 taken up. (Roll of Honor.)

Judge James P. Parmenter for the Planning Board made the following report:

To the Town of Arlington:

At the Town Meeting held December 18, 1918, this committee was appointed to consider and report to the Town on a Roll of Honor for the Arlington men in the service of the

United States. We have carefully considered the subject and report as follows:

We strongly recommend that such a roll be established. Nearly one thousand men from this Town were engaged in the military and naval service of the United States during the war, and it is a duty that we owe to them and to ourselves that their names be inscribed in a place of honor, that their example may speak to us and to those who shall come after us. So far as we are informed, there is no difference of opinion on this point; the question is,— how the purpose may best be carried out.

First of all it is important that such a roll be accurate. This is not an easy matter. Men enlisted at various times and places, some as volunteers and some under the Selective Service Act, and it will require time and care to assemble the names to the end that none shall be included or omitted improperly. The assistance of all citizens having any knowledge of the subject must be invoked. We recommend that a temporary and provisional list be printed, and so far as possible brought to the attention of our people, so that needed corrections and additions may be made. This may be done at the same time that preparations for the permanent roll are going on.

A Roll of Honor, as the words imply, differs from a soldiers' monument. The names are the essential feature, and everything else is subordinate. But a mere list of names is not enough. They should be in a form artistic in itself and in harmony with its surroundings. Furthermore, a Roll of Honor should be constructed of a durable material — stone or bronze, not of any substance which will decay or grow shabby in a short time. It is designed to teach a permanent lesson of patriotism and should be made as enduring as anything can be.

Our fellow-townsmen, Mr. Cyrus Dallin, has prepared a plan for such a Roll of Honor that admirably meets these conditions, and this we now submit to the Town, with the recommendation that it be adopted.

The Roll of Honor consists of a central tablet, bearing a symbolical group representing the Town of Arlington honoring her sons who took part in the great war. On either side are bronze tablets bearing the names of all the Arlington men that participated in the war. These tablets are enclosed by a

framework of stone, suitably decorated, mounted upon a flight of three steps. The Roll of Honor is to be placed on the east side of the Town Hall, as a pendant to the flagpole on the west side.

We considered carefully the place where the Roll of Honor should be erected. We had no doubt that it ought to be here in our civic center, but whether in the Town Hall or outside required study. The only place inside the building that seemed in any way suitable was upon one of the walls of the vestibule, but the space available is so limited that either the names would have to be made too small to be easily read, or more than one section of wall would have to be used, destroying all unity of effect. The position of the heating apparatus, too, would have to be changed at considerable expense. So our conclusion was that it would be far better to place the Roll of Honor in the open, with ample space, in full sight of all.

We recommend that the expense be met by public subscription rather than by appropriation by the Town. The cost is estimated to be from \$12,000 to \$15,000. There are good arguments for either method. On the one hand it may be said that this is a mark of honor to the men of the Town, and that the Town itself, the whole community, should pay for it. On the other hand it is equally true, that there is so much about it that is personal and individual that there is scarcely anybody who will not see on the roll the name of a relative, a friend or a neighbor, and many will be glad of the opportunity to have a hand in the work. Considering, however, the many necessary demands upon the Town at this time it seems to us that it should be relieved of this expense and that there should be a genuinely popular subscription. Our people have met far greater demands during the war and will surely not be wanting in this expression of gratitude and appreciation to our young men who have served their country wherever she needed them, and to the memory of those among them who gave up their lives in that service.

The report was accepted and it was then

Voted: That a Roll of Honor in substantial accordance with the plans submitted be placed upon the Town Hall grounds, to be paid for by popular subscription, and that a Committee be appointed by the Moderator, with full powers to arrange for and carry out the project.

CONSTABLE'S RETURN

Arlington, November 4, 1919.

MIDDLESEX COUNTY

By virtue of this Warrant I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in elections and primaries, to meet at the time and place, and for the purposes herein named, by causing a printed attested copy of the same to be left at every dwelling house in the Town, and also by posting an attested copy of said Warrant at the doors of the Town Hall in said Arlington, seven days at least before said date of meeting.

Notice of the time, place and object of said meeting was published in the *Arlington Advocate* and the *Arlington Weekly News*.

(Signed) WILLIAM T. CANNIFF,
Constable of Arlington.

In pursuance of the foregoing Warrant the inhabitants of the Town of Arlington, qualified as the law directs, to vote in elections and Town affairs: met at the polling places designated for the two precincts in said Arlington, on Tuesday the fourth day of November, 1919, at six o'clock in the forenoon.

The polling places designated were as follows: Precinct 1, Robbins Memorial Town Hall; Precinct 2, Crosby School House, Winter Street.

The following Election Officers served, by appointment by the Selectmen, at the precinct voting places as follows:

Precinct 1. George H. Pierce, Warden; George M. Richardson Clerk; Tellers, Frank Y. Wellington, George C. Tewksbury

James G. Moir, Frank C. Kenney, David T. Dale, Joseph W. Moore, Arthur J. Hendrick, Chester E. Hoyt, Herbert L. Converse, George F. McCaffery, William P. Slattery, William D. Grannan, George A. Bunton, Richard M. Healy, George J. White, Clarence Hill and William E. Robinson.

TOWN WARRANT

COMMONWEALTH OF MASSACHUSETTS.

MIDDLESEX, SS.

To any Constable of the Town of Arlington,

GREETING:

In the name of the Commonwealth of Massachusetts, you are hereby required to notify and warn the inhabitants of the Town of Arlington, qualified as the Constitution requires, to vote in elections and Town affairs, to assemble in the Town Hall in said Town, Thursday, the eleventh day of December, 1919, at 7.30 o'clock, then and there to act on the following articles, viz.

ARTICLE 1. To choose a Moderator to preside at said meeting.

ART. 2. To hear and act on the reports of committees heretofore appointed.

ART. 3. To see if the Town will make an additional appropriation for school purposes, or take any action thereon.

ART. 4. To see if the Town will authorize the School Committee to purchase portable school buildings, make an appropriation therefor, or take any action thereon.

ART. 5. To see if the Town will make an appropriation for Americanization work in the Town of Arlington, said appropriation to be expended under the direction of the School Committee, or take any action thereon.

ART. 6. To see if the Town will authorize the Town Treasurer, under the direction of the Selectmen, to borrow money for any necessary purpose, in anticipation of the revenue for the year 1920, the same to be repaid directly from the proceeds of said revenue.

And you will notify and warn the legal voters of the Town of Arlington to meet at the time and place herein specified, by leaving at every dwelling house in the Town a printed copy of this Warrant, and also by posting a copy of the same at the doors of the Town Hall, and in five or more conspicuous public places in the Town, seven days at least prior to the time of said meeting.

Hereof, fail not, and make due return of this Warrant, with

your doings thereon, to the Town Clerk, on or before said day and hour of meeting.

Given under our hands, at said Arlington, this seventeenth day of November, in the year of our Lord one thousand nine hundred and nineteen.

THOMAS J. DONNELLY,
HORATIO A. PHINNEY,
OLVIN H. LUFKIN,
Selectmen of the Town of Arlington.

CONSTABLE'S RETURN

Arlington, December 8, 1919.

MIDDLESEX COUNTY

By virtue of this Warrant, I have notified and warned the inhabitants of the Town of Arlington, qualified to vote in election sand Town affairs, to meet at the time and place and for the purposes therein named, by causing a printed attested copy of the same to be left at every dwelling house in the Town, and also by posting an attested copy at the doors of the Town Hall, in said Arlington, seven days at least before said day of meeting. Notice of the time, place and object of said meeting was published in the *Arlington Advocate* and the *Arlington Weekly News*.

(Signed) WILLIAM T. CANNIFF,
Constable of Arlington.

In pursuance of the foregoing Warrant, the inhabitants of the Town of Arlington, qualified to vote in elections and Town affairs, met in the Town Hall in said Arlington, on Thursday, the eleventh day of December, 1919, and were called to order at thirty minutes after seven o'clock in the evening by the Town Clerk, who read the Warrant calling the meeting and the return thereon of the Constable who served the same upon the inhabitants.

ARTICLE 1 taken up. (Choice of Moderator.)

Jacob Bitzer was unanimously elected Moderator and was sworn to the faithful performance of his duties.

ART. 2 taken up. (Reports of Committees.)

John A. Bishop, Chairman of the School Committee, presented the report of that Committee on matters referred to the Committee at a previous Town Meeting, as follows:

"To the Citizens of Arlington:

The School Committee, appointed as a special committee by a vote of the Town to make a study of the requirements for additional school accommodations, begs to submit the following report:

In considering this problem the Committee was guided by the conviction that the citizens desired to have presented for their consideration a plan, which, when fully developed, would provide for a complete system.

Because of the unsettled conditions occasioned by the war, the practical cessation of building in the Town and the disturbed transportation problems, the committee considered it wise to defer its report and so reported to the Town at the annual meeting in March, 1919.

Now that conditions are approaching normal the Committee believes that comprehensive and definite recommendations should be submitted to the citizens to the end that steps may be taken to provide for the proper housing of school children. With that object in view a survey was made of all the school buildings in the Town to ascertain the seating capacity of each and the distribution of the pupils in the class rooms: each school district was visited, careful note being made of the building development and location of the school population, and a census was taken of all school children who will be eligible to enter school in the next two years, in order to determine as far as possible where congestion will exist in the near future.

A committee appointed June 29, 1916, reported that with the exception of one room in the Russell School, the available accommodations were then being used to their maximum. It was estimated by that Committee that there would be a minimum average increase of two hundred pupils per year for a period covering the next five years. The average membership for the first three months of this school year indicates that this rate of increase will be exceeded during the next few years. Each year the crowded conditions reported in 1916 have become

more serious and in some buildings have reached that stage where immediate relief is imperative. To meet the problem during the past three years the School Committee was obliged to introduce the temporary expedient of alternating sessions or what is termed the platoon system.

The Committee recognizes this system as only a temporary one and does not recommend its extensions or continuance any longer than is necessary. Also, rooms not suited for the purpose were converted into class rooms while at the present time the assembly halls in the Locke and Junior High Schools are being so used.

With the exception of the High School and Russell School all the buildings are crowded to a point beyond their capacity. All the rooms in the High School are being used and there are two class rooms vacant on the third floor of the Russell School.

To provide immediate relief in the districts where conditions are most acute, portable school buildings should be purchased and used until permanent buildings are erected. The Committee, in arriving at its conclusions, followed the idea that ultimately our Junior High School system will consist of three buildings, one in the Center and one in each end of the Town, and has also considered very carefully the geographical location of the grade school buildings so that they will be placed to best serve the people of the Town. The following recommendations are respectfully submitted for the consideration of the citizens:

1st. That a Committee be appointed to procure plans and estimates for a twelve-room building, eight rooms to be furnished for immediate use, on Town land at the corner of Forest and Summer Streets, said Committee to report at the Town Meeting to be held in March 1920.

2d. That the same or a different Committee be appointed to procure plans and estimates for a twelve-room building to be used for Junior High School purposes, eight rooms to be furnished for immediate use on Town land adjacent to Fessenden Road, said Committee to report at the Town Meeting to be held in March 1920.

3d. That the same or a different Committee be appointed to procure plans and estimates for an addition of eight rooms

to the present Crosby School Building, said Committee to report at the Town Meeting to be held in March, 1920.

4th. That the same or a different committee be appointed to acquire land for school purposes in the Parmenter School District, said Committee to report at the Town Meeting to be held in March, 1920.

(Signed) JOHN A. BISHOP,
JOHN R. FOSTER, OTHILIE J. LAWSON,
VITTORIA E. DALLIN, CHARLES C. WARREN,
JACOB R. ESTABROOK, FRED L. DAWSON.

The report was received and ordered filed, to be considered at a future town meeting.

Henry W. Hayes presented the following report of the Planning Board on the proposed Roll of Honor to the young men of the Town who served the Nation in the war with Germany:

At the last annual Town Meeting it was voted to empower the Planning Board with authority to arrange for the erection of a Roll of Honor, to be paid for by popular subscription. As a part of the vote the design and location were also substantially determined.

It was impossible to proceed with such a permanent work until an accurate record of names could be obtained, and meanwhile sufficient differences of opinion developed, both as to the form and location, so that it seemed best to postpone definite action. Having no authority to make any radical change, a departure from the original scheme would call for further consideration by the Town.

The formation of a local post of the American Legion with the probability of permanent quarters for their meetings, has been accomplished since the action of the Town and would seem to have quite a bearing on the subject. It is possible that no more appropriate place might be chosen for establishing a Roll of Honor than in connection with the home of the Legion. As this would be a matter for future determination, it is the judgment of your Board that a memorial for the soldiers who died in the service be at this time erected in the vestibule of the Town Hall, the same to be paid for out of the tax levy.

While your Board realizes that a temporary tablet would have met with the wishes of those who considered the delay unfortunate, the expressed desire of the Town for a permanent record in bronze and the successful raising of the funds by popular subscriptions would seem to require a sufficient time for consideration of the conditions in order that such a Roll of Honor would be a source of gratification to those whose names it bears and remain a credit to the Town in the years to come.

In view of the above your Board requests that this report be received as a report of progress and feels that it would be justified in presenting these considerations at the Annual Town Meeting next March with a possibility of recommending a reconsideration of the former vote or such other action as may be for the best interests of the Town.

The report was accepted as progressive.

Frank A. O'Brien, Chairman of the Finance Committee, made the following motion and it was so

Voted: That the various articles in the Warrant be now taken up and that the recommendations of the Finance Committee under the articles in their report be considered as now before the meeting, to be voted upon without further motion, separately, and in the order in which they appear in said report.

Article 2 was then laid on the table.

Article 3 taken up. (Additional appropriation for schools.)

Voted: That the sum of \$10,500 be appropriated for school purposes, said sum to be taken from the available funds now in the Treasury and to be expended under the direction of the School Committee.

Article 4 taken up. (Portable Building for School Purposes.)

Voted: That the School Committee be and hereby are authorized and empowered to purchase one one-room portable building, suitable for school purposes, at a cost not to exceed \$3,000 and that the sum of \$3,000 is hereby appropriated for the purchase of said building, said sum to be taken from available funds now in the treasury and to be expended under the direction of the School Committee.

Article 5 taken up. (Americanization Work in the Schools.)

Voted: That it is the sense of this meeting that the action of the School Committee in providing for Americanization work

in the Town be approved and that this work be continued under their direction.

Article 6 taken up. (Treasurer to Borrow Money.)

Voted: That the Town Treasurer, with the approval of the Board of Selectmen, be and hereby is authorized to borrow money from time to time, in anticipation of the revenue of the financial year beginning January 1, 1920, and to issue a note or notes therefor payable within one year. Any debt or debts incurred under this vote to be paid from the revenue of said financial year.

Article 2 was taken from the table and no other committees desiring to report all business under this article was declared disposed of.

All business calling the meeting having been transacted at ten minutes after eight o'clock it was voted that the meeting be dissolved.

Meeting dissolved at 8.10 P. M.

Number of voters attending the meeting was 154.

A true record. Attest:

THOMAS J. ROBINSON,

Town Clerk.

REPORT OF THE BOARD OF SELECTMEN

The Board of Selectmen herewith submit a summary of the work of the various departments of the Town coming under their direction.

ORGANIZATION OF THE BOARD FOR 1919

At the annual March meeting of 1919 Mr. Olvin H. Lufkin was elected a member of the Board for the term of three years and was sworn to the faithful performance of his duties at the first meeting of the Board Tuesday March 4, 1919. The Board organized with Thomas J. Donnelly Chairman, and Thomas J. Robinson, Clerk.

STANDING COMMITTEES

Thomas J. Donnelly, Police, Public Lands and Outside Poor.

Horatio A. Phinney, Town Houses, Public Buildings and Incidental Accountant.

Olvin H. Lufkin, Fire Department, State and Military Aid and Soldiers Relief.

AS OVERSEERS OF THE POOR

Thomas J. Donnelly, Chairman.

Thomas J. Robinson, Agent.

An annual report of the Board is required by a law enacted many years ago when the Board of Selectmen had the direction and control of practically all the activities of the Town. Owing to the growth of the Town and the creation of other Boards and offices to supervise certain departments the report of this Board will be confined to a general statement of the financial conditions of the Town and such suggestions and recommendations as appear necessary for the present and future interests of

the Town. Detailed reports from all departments of the Town will be found in the reports of those departments, submitted to this Board and made a part of this report. The part year has been a trying one for all departments of the Town to carry on the necessary work on very slightly increased appropriations and in some cases with no increase whatever. With the large increase in the cost of labor and material the various departments of the Town were affected in the same or greater proportion as were the individuals or private corporations. By reason of these conditions many things that should have been done were, of necessity, left undone, and improvements that were needed were not undertaken. Overdrafts in some of the Departments were for the foregoing reasons unavoidable, but these overdrafts in the aggregate did not exceed the amount of the Reserve Fund, which fact indicates a most commendable spirit on the part of the various Boards and Officials to cooperate with the Finance Committee and the citizens of the Town in an endeavor not to place too heavy a burden on the tax payers.

To continue, however, to gauge our appropriations on the basis of a fixed, or an approximately fixed tax rate is not good business judgment nor does it tend to efficiency in the work of the Town. The tax rate must be determined by the needed appropriation instead of by the methods practised for the past few years of cutting necessary appropriations to meet an established or fixed tax rate. The one essential question for the Finance Committee and the Town to determine is not what the tax rate will be, but whether the estimates of appropriations asked for by the various departments are needed to properly and efficiently conduct the business of the Town.

The amount of money raised by taxation in 1919 was \$557,777.63, and the tax rate was \$27.40 per thousand. A fair estimate of the appropriations necessary in 1920 will be at least \$125,000.00 in excess of that in 1919, or \$682,777.00, an increase of about 22.5%. The increase in valuation from new buildings erected is about \$500,000.00. At the present tax rate this will provide only for \$13,700.00 additional revenue. If the balance of the estimated increase must be raised on the present assessed value in the Town the tax rate will be approxi-

mately \$33 per thousand which shows the same increase of 22.5% as shown in the total appropriation.

In the opinion of some of our citizens the conditions now existing are only temporary and cannot continue for any great length of time. If that were the assured case and it was felt that the values in the Town had reached a point where an increase would be a burden it might be wiser to pay this great increase in the tax rate for one or two years rather than increase the value. The great majority of thinking people, however, are of the opinion that the present conditions will not change materially within a period of at least five years. It is also the opinion of many citizens familiar with land values in the Town that a material increase in values can be made in order to bring the assessed values to a point nearer a "fair market value." The Town is, therefore, facing a condition where it must decide which of two courses to pursue in order to meet the increases necessary to the proper conduct of the business of the Town and care for its existing obligations:

1. Allow present values to continue and pay a tax rate of \$33 or more for one, two or three years with no assurance that a reduction can be made at that time.

2. Revise the valuations in the Town in accordance with present market values, thus securing the required increase in revenue, without materially changing the tax rate.

This second course seems to the Board the proper one to pursue. Practically every sale of real estate in the Town for the past year has been at a price far in excess of the assessed valuation and ranging from twenty to fifty per cent.

Situated as we are in the heart of the Metropolitan District within easy access to Boston and with connections to all other points the value of property here must in the future increase rather than decrease. No one of the surrounding cities or towns offers more attractions to seekers for homes than does Arlington.

Building operations during the past two years have been greatly hindered not only by the high cost of labor and materials but also by the scarcity of materials. In spite of these conditions indications point to a great increase in the number of new buildings the coming year. With the return of our young men from the war housing problems in Arlington became and are now of a

serious nature. There are no houses, tenements or apartments available for newcomers, or to provide for our young people who marry and desire to make their home here. Rents have been advanced in some cases fifty per cent. Many people in order not to be forced from the houses they had occupied as tenants for years purchased the property and these sales may in some measure account for the large increase in selling prices over assessed values. For the foregoing and other reasons it seems that this is a proper time to so readjust or revise our valuations as to in some degree conserve our remaining territory and at the same time protect our present owners of property. A fair, equitable marketable valuation with a tax rate based upon an honest and efficient management of the Department of the Town will, in the opinion of the Board, bring about these results, as well as provide sufficient revenue to meet increasing demands. A study of the following table will show the financial condition of the Town and a comparison of the items making the budget will enlighten our citizens as to why the money was necessary and how it has been expended.

4. Increase in State, Metropolitan and County Taxes 59,637.99
5. Increase received from Corporation and Bank Tax 11,678.36
6. Increase in tax rate from \$24.20 in 1918 to \$27.40 in 1919 3.20
7. \$9.12 of the \$27.40 is for State, Metropolitan and County taxes over which the Town has no control and debt and interest.

8. Of the balance \$16.27 the Schools required \$6.69.
9. Of the remaining \$9.58 the Highways required \$3.01.
10. From the balance thus left amounting to \$6.57 all other activities of the Town are paid—These include Police and Fire Departments, Street lights, Charities and Health, Salaries, Collection of Ashes and Garbage, Libraries, Insurance, Public Buildings, Sidewalks, Sewers, Water, Trees and Parks, Engineering, Wire Department, Cemeteries, Pensions, and Incidental Accounts of all Departments.

DEPARTMENT REPORTS

The board deems it advisable in submitting the reports of the various departments to preface these reports with a brief statement of the appropriation of the year and the expenditures classified as nearly as possible. By this method the Board feels that the citizens can see at a glance the amount of money expended for each department, together with the reason for the expenditure and such suggestions for the coming year as the Board deems necessary.

OUTSIDE POOR

Amount appropriated in 1919	\$13,000.00
Reimbursements from State	
(Mothers Aid)	5,405.35
Reimbursements from Cities and	
Towns	463.34
Reimbursements from State	
(Temporary Aid)	53.22
Income from Poor Widows Fund	491.87
Income from. E. S. Farmer Needy	
Persons Fund	190.90
<hr/>	
Total Receipts	\$19,605.68

The above amount shows a large increase over the amount expended in 1918 and is due almost entirely to aid rendered under the provisions of the Mothers Dependent Children Act. This act requires that adequate aid be rendered to mothers with dependent children. The amount of aid is to be determined by the Overseers and based upon the conditions found to exist in each individual case. The epidemic in the winter of 1918-19 very largely increased the number of dependent mothers. These mothers receive aid ranging from \$5 to \$16 per week, and the State reimburses the Town one-third of the amount allowed where the recipient has a settlement in the Town. In cases where the recipient has no settlement in any city or town the State reimburses for the whole. Where the recipient has a settlement in a city or town other than Arlington the State pays one-third and the city or town of settlement pays the other two-thirds. In either case it requires a larger appropriation to properly care for these mothers, as it is the intent of the law and the desire of State officials that this aid be of an amount sufficient to enable the mothers to properly care for their children in their own homes. In order to do this under the present conditions, having in mind the high prices of all necessities the State Board of Charity has requested the Board to ask for more liberal appropriation in order that these deserving cases may have their allowances somewhat increased. In some cases the mother is allowed to work certain days of the week where such work does not deprive the children of the care and attention which they should receive. When it is considered that the aid allowed, together with such amount as the mother may earn must care for rent, fuel, food, clothing and all other necessities it is sometimes to be wondered at how they can do this on the amount allowed, in view of the high cost of everything. There are at the present time twenty-seven families, totalling one hundred eight persons, receiving assistance under the Mothers Aid Law in this Town. The payroll for the past year for these families was \$11,680. In addition we have ten families, totalling forty persons, who are aided in their own homes, seven persons aided in the families of others, and four persons in institutions, making a total of 159 persons aided during the year, or an average of about \$125 per person. In

view of the foregoing facts the Board recommends that an appropriation of \$14,500 with reimbursements be made for the care of the poor in 1920.

PROTECTION OF LIFE AND PROPERTY

In making a report of the work of the Police and Fire Departments the Board feels to some extent, at least, these two departments should be considered under a report on the public safety of the Town. The Board is not prepared, at this time, to recommend that these two departments come under one head, in accordance with the theory advanced by proponents of municipal consolidation. There are many arguments and reasons against such consolidation. The Board has carefully considered the arguments advanced by the promoters of the various proposed changes in the forms of Town Government, as applied to these two departments, but, as yet, no one of these forms have been found to work out in practise as an improvement either in efficiency or expense over the system now used in our own town.

The Board does feel, however, that the work of the members of these two departments is of a character so similar and important that similar consideration should be given not only to the character of the men comprising the departments but to the conditions of the work and the compensation allowed.

During the past year the Board has found that there has been a feeling of unrest, a feeling that the services of the men comprising the Police and Fire Departments of the various communities were not adequately recognized or appreciated by the citizens of these communities, or in some cases by the officials in control of the departments.

An illustration of these conditions was shown in the deplorable exhibition of the Police strike of Boston. While this Board emphatically condemns the action of the Boston Police officers in deserting their sworn duty it also desires to be recorded as believing that had the conditions, leading up to the strike, been considered by the controlling officials and the same consideration shown for the requests of the members of the old department as was later shown for the comfort and remuneration

of the members of the new force no strike would ever have been considered.

The members of these two departments are public servants and as such they have sworn to faithfully perform the duties assigned to them by their duly superior officers. These duties, unlike those in other departments of a municipality, call for service at any and all times for the preservation of life and property. This character of service does not appeal to all the men of a community, nor do all the men of a community measure up to the requirements of this service. The work is dangerous, the hours are long, the discipline is rigid and the compensation small. The men to be employed for this work must have a desire for work of this character, and they must be trained in the work assigned. They must be men of character as in their hands the citizens must trust their lives and property. The services of men willing to devote their time and ability to work of this nature should receive for such services more consideration than given to the services of the unskilled laborer, whose work can be replaced at any time by another. The men of these departments should be classified in every community as skilled employees, doing a particular work, and due recognition should be given for these services.

During the past year the Board has endeavored to follow the suggestions made in this report, and herewith submit the reports for each of these departments, showing the appropriations made, the expenditures and the estimates and recommendations of the Board for the coming year.

In the latter part of 1919 the Board received a request from the members of the Police Department, asking for an increase of 90 cents per day, or a daily wage of \$5.00. The board took the matter under advisement and found on investigation that the same conditions existed in practically all of the metropolitan cities and towns. It was found that the officers were called upon to work seven days a week, with one day off in fifteen, overtime, when required with no extra compensation, and are required to keep themselves at all times fully supplied with uniforms for all occasions at their own expense. After very carefully considering these facts and comparing the amount paid with that received by men in other and less dangerous and unskilled work the Board granted an increase of 65 cents per day, instead of the 90 cents as requested, the same to go into effect January 1, 1920.

In submitting an estimate of the appropriation necessary for the Police Department for the ensuing year the Board deems it advisable to inform the citizens of the conditions that have arisen since the Board recommend the above increase. It has been ascertained that all the cities and towns of the metropolitan district have granted the request of the Police officers for a wage of five dollars per day. To meet this increase an appropriation of \$33,000.00 will be necessary for 1920. This estimate of the Board is based solely on the increase in pay and leaves but \$2000 for general office expenses.

If the Bill now pending in the Legislature becomes a Law requiring one day off in eight without loss of pay the Town will be called upon to pay the difference in the estimate as submitted and that which would have to be made were that Law in effect now.

In considering the requests from the Police officers and Firemen the Board has not been unmindful of some of the privileges enjoyed by members of these departments. Both departments are under Civil Service, meaning practically a life position, and they also enjoy the benefits of the Pension Laws, which give them the right to be retired on half-pay after the expiration of twenty-five years of service. The benefits enjoyed by the members under these Laws should not be overlooked, as they are assured on their retirement of a compensation equal to one-half of their present salary.

FIRE DEPARTMENT

The equipment of the Department is in first class condition, all now being motorized. The new piece of apparatus constructed by the men of the central station from parts of seven different machines was this year put in commission, and is considered one of the best pieces of apparatus in the Department. The entire cost of this truck was about \$1500, and could not be duplicated by a new machine for less than \$6000. The men doing the work are entitled to commendation for the time and attention given to the details of this piece of apparatus.

As stated in the beginning of this report the members of the Fire Department should be placed on an equal footing as to compensation with the members of the Police Department. When the Board, therefore, received a petition from the members of the Department for an increase in salary the matter was considered on that basis, and the Board voted that the permanent Firemen receive \$1700 per year, the Captain to receive \$1950.

The work of the Department during the year has been at its usual high standing, and the report of the Chief shows a smaller loss for fires than for many years. The Board recommends an appropriation of \$27,500 for the Fire Department the coming year, \$500 of said sum to be used for necessary repairs on the Broadway House and \$1200 for new hose.

TOWN INSURANCE

During the past year the Town has carried its own liability insurance at a total expense of \$428. During the year of 1918, the first year that the Town carried its insurance, there were no accidents, and, therefore, no expense. This means that for two years the total expense of liability insurance has been but \$428, as against annual premiums previous to 1918 of from \$2000 to \$3000.

The matter of the Town carrying its own fire insurance is one to be again seriously considered. Owing to the present high cost of labor and materials the Board has been advised that in order to comply with the requirements of the New England Insurance Exchange it will be necessary to practically double the amount of insurance now carried, or in other words, increase our insurance \$967,000.

Were this to be done the coming year it would mean an appropriation of \$11,604, being at a flat blanket rate of \$12 per thousand for a period of five years. In order that the citizens may know the cost of carrying fire insurance, together with the losses from fire, the Board has had compiled a table showing the amount the Town has paid during the past forty years for fire insurance, and the amount received from fire losses. From this table it is determined that during that period they have

paid in premiums \$48,602.42, while during the same period they have received for fire losses \$5,664. The Board makes no further comment at this time as to the Town carrying its own insurance, as the matter is now in the hands of a very competent committee appointed at a recent town meeting.

The appropriation necessary under the present basis for the coming year will be \$2200 for renewals and the unexpended balance of last year's appropriation to pay the excess premium on liability insurance for the year 1918 which is now being adjusted by the Town Counsel, Town Auditor and the Company.

STATE AND MILITARY AID AND SOLDIERS' RELIEF

As stated in previous reports payments under these headings are regulated by law, and are paid to dependents only of Civil, Spanish and World War veterans. The amounts paid veterans of the Civil War are each year reduced, as the number of these veterans grows less. The veterans of the World War are in a great measure cared for by the War Risk Insurance carried by the Government.

The aid known as Military Aid is given only when all other resources are inadequate to the comfort of the veteran or his dependents, and it is the policy of the Board that this aid be so regulated as to allow no suffering by any one who has served his country.

ROBBINS MEMORIAL TOWN HALL

With the close of the War the social activities were to a great extent renewed, and the revenue received for the use of the Hall for entertainments, dances, etc., was greatly in excess of that received during the previous year. Necessary repairs, such as painting, etc., were required and this work has been done. With a building of this character and the beautiful surroundings this Board, as previous Boards, deems it proper and in accordance with the desires of the citizens that the building and grounds should be at all times kept in first class condition, as a mark of appreciation for a most generous gift. During the coming year certain repairs and alterations will be necessary on the interior of the building, but the Board feels that these matters can be cared for with the regular appropriation and the revenue.

MENOTOMY HALL (OLD TOWN HALL)

During the early part of the year this building was used as the headquarters for the Red Cross, so that no revenue could be derived from rentals, etc. In the latter part of the year, the Red Cross having finished their work, the Hall was turned over to the Town, and since that time a revenue has been derived from the use of the Hall.

One part of the building continues to be occupied by the S. K. Ames Company, at a yearly rental of \$500.

MEDFORD STREET ESTATE

This estate continues to be occupied by two tenants, and the revenue derived from the same is \$360 per year, all of which was turned into the Treasury Account and made available for other purposes, as no repairs or alterations were necessary.

ALMSHOUSE PROPERTY

This property continues to be used by the Board of Public Works as a headquarters for all departments coming under the supervision of that Board. All repairs, alterations, etc., are paid by that Board, and while the Town derives no direct revenue the amount of rental formerly paid for quarters of the Water Department is now saved to the Town.

LICENSES FOR GARAGES AND STORAGE OF GASOLINE

Under the Law regulating the granting of licenses for the storage and use of gasoline, and the erection of garages, the Board is called upon to give hearings where the application calls for more than 120 gallons of gasoline, or for storage of more than two cars. For a license to keep and store gasoline not exceeding 120 gallons a permit may be given by the Chief of the Fire Department, and for the erection of garages for one or two cars the Building Inspector may issue a permit. All of these permits, however, must be in accordance with the rules and regulations made by the Inspection Department of the Massachusetts Public Safety Commission. On all applications for the erection and maintenance of public garages the policy

of the Board has been not to grant permits for these garages in residential locations. On all such applications hearings have been given and notices sent to all interested parties within a reasonable distance.

TOWN REPORT

The contract for printing the Town Report for 1919 was placed with the Murray Printing Company. The contract was the same as for the 1918 Report plus 25%. This increase was due to the advanced cost in labor and material. The contract calls for 1800 copies of the paper-bound, 12 copies of the leather-bound and 50 copies of the cloth-bound.

JURORS

The Board tries each year in making up the jury list to select citizens upon whom it will work no hardship to be drawn.

If for any good reason a citizen cannot serve he should notify the Board during the month of January in order that his name will not appear on the list.

(For List of Jurors see that heading.)

COAL FOR TOWN DEPARTMENTS

The coal situation being not unlike that of the previous year the same agreement was made with the Peirce & Winn Company, namely, that the needs of the Town should be supplied at the best prevailing prices.

GYPSY MOTHS

Mr. Daniel M. Daley has continued to superintend this work. As outlined in the report of last year the work of caring for our trees is an important one and should receive more attention from our citizens. In the prosecution of the work of extinguishing or controlling the Gypsy Moth Mr. Daley's efforts have been most satisfactory and our Town stands today as foremost in the State in the care of our trees. The appropriation as asked for each year simply covers work necessary to keep the trees free from this pest, as a relaxation means increased cost and very great damage.

REPORT OF CHIEF OF POLICE FOR THE YEAR ENDING DECEMBER 31, 1919

ARLINGTON, MASS., January 1, 1920.

To the Honorable Board of Selectmen.

Gentlemen: I have the honor of submitting herein a report of the doings of the Police Department for the year ending December 31, 1919.

The total number of arrests during the year was 574. Of this number 290 were non-residents, 289 were residents, 28 were females and 70 were juveniles or persons under seventeen years of age. The offenses for which arrests were made were—crimes against the person (assaults, etc.), 21; for crimes against the property (for breaking and entering and larceny, etc.), 125; and for crimes against public order (misdemeanors), 428.

Fines to the amount of \$1,834 were imposed by the Court.

Property to the value of \$250 was reported as lost, and we have found and returned to lawful owners property valued at \$169.68. Property other than automobiles to the value of \$2,667 was reported stolen, and we have recovered stolen property to the value of \$1,211 and returned it to its owners. We have had one automobile reported as stolen during the year, and we have received and recorded during the year descriptions of 1,194 automobiles reported as stolen from nearby cities and towns. We have recovered 10 automobiles reported as stolen valued at \$11,772 and turned them over to rightful owners.

There have been 174 accident and sick cases reported to and investigated by this department during the year. Of this number 14 were fatalities which required special investigation and the time and effort of the police in these cases were no small item.

The Police Signal System, installed in 1906 now has 19 street boxes. It has had practically fourteen years continuous

service and has been of the greatest value to this department. It is in need of a thorough overhauling. If I am rightly informed by our Superintendent of Wires, it absolutely needs at this time new underground wires, and I would most respectfully urge that you give this matter your earnest and earliest attention. During the year 57,965 duty calls and 1,599 telephone calls have been received at the office over the wires of this system.

Early in the year we disposed of the Hudson Touring Car, and in its place have an up-to-date Motor Ambulance and Patrol Wagon, the total cost of which was about \$775 and which could not be duplicated for \$1,500 at the present time.

During the year we have looked after the safety of 64 estates during the absence of their owners; 681 cases of various natures have been investigated; 190 stores were found unlocked and secured at night by our night patrol; 30 lost children have been cared for and returned to their parents; and 70 messages have been delivered to various houses at the request of police or hospital of other cities and towns.

This report for printing has been greatly abbreviated at the request of your Honorable Board, but a full and complete report has been rendered for your files.

In conclusion I wish to take this opportunity to express to your Honorable Board my deep appreciation for the many courtesies rendered during the year.

Respectfully submitted,

THOMAS O. D. URQUHART,
Chief of Police.

REPORT OF CHIEF OF FIRE DEPARTMENT

ARLINGTON, MASS., December 31, 1919.

To the Honorable Board of Selectmen of the Town of Arlington.

Gentlemen: I respectfully submit my annual report of the Arlington Fire Department for the year ending December 31, 1919. The number of companies are the same as last year. The equipment has been increased by one double tank chemical and hose truck, which was put together by the men at the Broadway Station, using the chemical tanks from discarded horse-drawn wagon and hose body from another, the completed truck cost about \$2000, could not be replaced for twice that amount. This car will be used as spare car, in case of break downs and extra alarm fires.

The manual force is the same as last year. The motor equipment is all in good condition except a set of tires on Combination A which I am planning to replace the coming year. The stations are in fair condition, repairs have been made at station on Massachusetts Avenue and repairs are planned at stations on Broadway the coming year.

The department has answered 150 alarms, made up as follows; 83 bell alarms, 67 still alarms, 23 of these were false and 2 out of town calls.

Value of building endangered	\$153,400.00
Value of contents	18,750.00
Insurance on buildings	144,900.00
Insurance on contents	14,450.00
Insurance paid on buildings	5,301.21
Insurance paid on contents	3,373.00

This is the smallest loss that we have had for a long time.

For further detail of alarms or work of department see records of clerk of engineers.

The appropriation for year ending December 31, 1919 was \$22,800, receipts, \$140. Total \$22,940.

For expenditures were \$23,628.32 making a deficiency of \$688.32 which was taken care of out of emergency fund of Selectmen. For detail of expenditures see report of Auditor.

RECOMMENDATIONS

I recommend the appropriation of \$27,500. and receipts of department for ensuing year this increase is the result of an advance, given the permanent men, January 1, 1920 and the increased cost of all supplies and repairs needed by the department, also the purchase of new hose, which we are sadly in need of. I recommend the enforcement of all building laws and all laws relating to fire prevention.

In closing my report I respectfully thank your Honorable Board for the courteous manner in which you have received me in my official capacity. I also wish to thank all other officials of the Town who have so willingly given their services when called upon and my assistants and all members of the Fire Department. I give my sincere thanks for the able manner in which they have answered all demands made upon them.

Respectfully submitted,

WALTER H. PIERCE, *Chief.*

REPORT OF THE SEALER OF WEIGHTS AND MEASURES

The loads reweighed did not show any unusual shortage.	

In conclusion, I wish to express my sincere appreciation to the Town officials and citizens, who have assisted me in various ways, in discharge of my duties.

Very respectfully submitted,

ALBERT F. DUFFY,
Sealer of Weights and Measures.

REPORT OF INSPECTOR OF BUILDINGS

To the Honorable Board of Selectmen, Arlington, Mass.:

I herewith submit my report of the inspection of buildings for the year ending December 31, 1919. Two hundred seventy-four permits have been issued, classified as follows:

Dwellings, one-family	73	\$302,350.00
Dwellings, two-family	36	240,200.00

	<hr/> 274	<hr/> \$659,465.00

Respectfully submitted,

WILLIAM GRATTO,
Inspector of Buildings.

REPORT OF INSPECTOR OF ANIMALS

To the Honorable Board of Selectmen, Arlington, Mass.

Gentlemen: I herewith submit my report as Inspector of Animals for the year ending December 31, 1919.

Annual spring inspection of animals inspected:

Cows	127
Pigs	374
Sheep	2
Goats	8

It will be noted that there were twice as many hogs kept in the Town of Arlington during 1919 as in 1918. This was due to the fact that the Government encouraged their keeping.

The pile of rocks at the "Foot of the Rocks" has, for some time past, shown signs of insecurity. Several of the larger boulders had fallen out and the Commission decided that the remainder of the pile was a menace, as another winter's frosts might throw out more boulders, which could find their way to Lowell Street. Estimates were obtained for rebuilding the same.

During the year, six suspicious cases of rabies were quarantined. Three cows were quarantined for tuberculosis. It has been two years since there has been a case of glanders in Arlington.

F. HOLDEN SMITH, V.M.D.,
Inspector of Animals.

REPORT OF THE TOWN PHYSICIAN

ARLINGTON, JANUARY 24, 1920.

To the Honorable Board of Selectmen,

Gentlemen: I hereby submit a report of the work done in this department for the year ending January 1, 1920:

Number of calls at home, outside poor	340
Number of calls at office, including vaccinations	112
Emergency calls — police station	38
Patients to Tewksbury	2
Confinements	3

The work in this department has considerably increased during the past year. The epidemic of influenza during the late fall and winter was most severely felt among the adult poor and more especially the children. The increasing growth of the Town has added considerably to the work in this department.

REPORT ON LIFE SAVING APPARATUS AT SPY POND AND ARLINGTON HEIGHTS RESERVOIR

ARLINGTON, Mass., December 31, 1919.

To the Honorable Board of Selectmen.

Gentlemen: I respectfully submit the following report as to cost and other data covering the purchasing and installing of Life Saving Apparatus at Spy Pond and Arlington Heights Reservoir, in accordance with your orders and under my supervision.

EQUIPMENT AND LOCATION

Careful investigation was made of the various apparatus used by other municipalities and park departments before deciding what would be the most suitable equipment to be used under all conditions at the ponds in our town. The location of placing apparatus was also given careful thought. Life Saving Apparatus was installed as follows:

SPY POND

Four Life Buoys, encased in waterproof boxes, were placed at Spy Pond, located as follows: One at Cambridge Ice House near Lake Street; one at Cow Point (Wyman Estate property) opposite island; one at foot of Linwood Street near Cambridge Ice Houses; one at Menotomy Boat House, foot of Pond Lane. At the Menotomy Boat House there was also placed by permission one 14-foot, special built, flat bottom boat, equipped with oars and life buoy, also one 15-foot ladder and grapple pole.

ARLINGTON HEIGHTS RESERVOIR

Two racks were constructed, on which were placed 15-foot ladders and a life buoy. These stations were located one on the

Lowell Street side and one on the Lexington side of the reservoir. On the Massachusetts Avenue side of reservoir a boat house was built, in which was placed a 14-foot flat-bottom boat, complete with oars; also a grapple pole and life buoy are located at this boat house. All life buoys, grapple poles, and ladders are provided with 50-foot ropes, and all are suitably lettered as Property of the Town of Arlington. A substantial boat was built, with cement floor and runway to water's edge, and everything was done to provide a first-class and readily accessible equipment. The door of the boat house has a small glass window to be broken to unlock when necessary. This glass window has been broken several times by boys, also other equipment in this building has been injured. As the installation of Life Saving Equipment was willed to the Wire Department, and as no one else seemed to take any interest in same, the care and inspection of this equipment have been attended to by the Wire Department. The boat and other apparatus at Spy Pond have been well looked after by the proprietors of the Menotomy Boat House. A reward should be offered by the Town for the arrest and conviction of any person or persons who in any way injure or tamper with the Life Saving equipment. The expenses of inspection, cost of supplying glasses broken, and other repairs, have been taken care of by the Wire Department.

Expenditures

REPORT OF REGISTRARS OF VOTERS

ARLINGTON, Mass. January 1, 1920.

The Registrars of Voters hereafter submit a brief report of the doings of the Board during the year ending December 31, 1919.

The Board has held eleven (11) meetings for the purpose of registering persons possessing the necessary qualifications.

In addition to these meetings the Board has held five (5) meetings for the purpose of revising the voting lists in both precincts.

During the year 164 names were stricken from the lists, such striking off being caused by death or removal from Arlington.

At the various meetings of the Board, these meetings being held at the Heights, the Town Hall and the Crosby School House, 535 names were added to the lists.

The total number of registered voters December 31, 1918, was 3,389, divided as follows:

Precinct 1 — men	2292	—	women	158
Precinct 2 — men	931	—	women	8
Totals	<hr/>		<hr/>

REPORT OF COMMISSIONERS OF CEMETERIES, ROBBINS FUND, SOLDIERS' MONUMENT FUND AND SAMUEL C. BUCKNAM FUND

ARLINGTON, Mass., January 1, 1920

The Commissioners of Cemeteries, Robbins Fund, Soldiers' Monument Fund and Samuel C. Bucknam Fund herewith present a report of the work done under the supervision of the Commissioners during the year ending December 31, 1919.

On account of the conditions existing in surrounding cities and the filling up of cemeteries in or controlled by these cities, the Commissioners have found it necessary to adopt stringent regulations which will prevent residents of the Town buying lots in the Cemetery for the accommodation of non-residents. This practice, while in itself apparently harmless, in many cases works a hardship not only on the innocent purchaser, but also to the person in whose interest the lot was purchased. No citizen should allow the use of his name in the purchase of a lot unless that lot is to be used for his own immediate family. The consent of the Commissioners will be required in cases where interments are to be made for persons outside certain defined degrees of relationship. The Commissioners deem it only proper that this action on their part should be known by all citizens who may have occasion to purchase lots in the Cemetery, or who may be asked to purchase lots in their name for the benefit and use of non-residents.

During the year 34 lots and 51 single graves have been sold, and the gross receipts from the sale of these lots has been \$2,710.00 which is available for reappropriation for any purposes voted by the Town.

No work out of the ordinary has been done during the year owing to prevailing conditions. There are numerous things, however, that should be done and which the Commissioners hope to do the coming year. The labor question has very

materially affected this department as all other departments and in order to keep the Cemetery in its usual good condition, the Commissioners feel that a decided increase must be made in the appropriation allowed by the Town. This appropriation does not in any year equal the amount paid into the Treasury for the sale of lots, so that as a matter of fact the Cemetery Department is not only self supporting but a contributor to the finances of the Town for use for other departments.

The Commissioners have continued to care for the Old Cemetery on Pleasant Street and the Soldiers' Monument Grounds at no additional expense to the Town.

EDWARD A. BAILEY,

December 31, 1919.

Collector of Taxes.

AUDITOR'S STATEMENT

I have examined the accounts of Edward A. Bailey, Collector of Taxes for the Town of Arlington, Mass., and find the same correct, agreeing with the Auditor's books.

GEORGE McK. RICHARDSON,

December 31, 1919.

Auditor.

AUDITOR'S REPORT

For the Financial Year Ending December 31, 1919.

The accounts of the Treasurer and Collector have been examined and found to be correct. cash balances were verified, and a list of all unpaid taxes and assessments taken by me agrees with the amounts shown by my books and the Collector's accounts.

All securities for invested funds shown by the reports of the Trustees of the various Trust Funds have been examined by me and found to be as reported. The Trustees accounts' have also been examined and found correct.

No overdrafts are shown in this year's accounts, but the Reserved Fund was drawn on by several Departments, and appropriations by transfer from available funds were made for School purposes, to close the accounts. One deficit however exists in the Overlayings of 1919 Taxes (\$379.41), but this can be taken care of by a vote to transfer any unexpended balance of the Overlayings of 1917 and 1918. This will provide sufficient funds to take care of the present deficit and future abatements on the 1919 taxes.

Financial Statements of Fixed Assets and Liabilities, Current Assets and Liabilities, Borrowing Capacity, Apportionment of the Sinking Fund, Town Debt, Trial Balance, Tax Levy 1919, Details of Appropriations, and Tables showing Appropriations, Receipts, Disbursements, and Balances, together with a condensed report of each account shown by my books, is herewith submitted.

GEORGE McK. RICHARDSON,
Auditor.

REPORT OF THE BOARD OF HEALTH

To the Citizens of the Town of Arlington:

There has been only one change in the personnel of the Health Department during the past year. The untimely death of Mr. Timothy J. Falvey, Inspector of Slaughtering, necessitated the appointment of a successor, and Mr. Thomas J. Green was appointed on February 8, 1919.

While there has been a slight increase in the number of contagious diseases over the previous year, the increase in population and crowded conditions in the schools will account for this increment.

Dr. Ezekiel Pratt, having returned to Arlington from overseas, resumed his duties as Bacteriologist and Physician to the Board September 1, 1919.

The five-year contract for the purchase of the town garbage expired on November 1, 1919. After duly advertising for bids, sealed proposals were received from bidders, and the contract was awarded to Michael Shea of Lexington, for a five-year period, at \$3,213.60 per year, or \$1,953.60 more per annum than was previously received for said sale.

The enactment of Chapter 360 of the General Acts of 1919 placed an added responsibility upon the Board of Health, and now all dealers in methel or denatured alcohol, except druggists, must have a permit from this Board before selling this product.

RECOMMENDATIONS

The Board has taken an active part in recommending certain extensions of the public sewerage system and, have, the past year, been instrumental in having a group of houses near the centre of the town connected. Public sewers being closely identified with health work, the Board would encourage

the maximum amount of this work that could be done each year, until such time as the Town is thoroughly sewered.

For the coming year we would recommend the installing of the public sewer in Bow Street, from a point opposite No. 98 on said street and extending to Forest Street. Also the same in Forest Street, from a point opposite No. 213 on said street and extending to Massachusetts Avenue, with manhole and pump equipment similar to that now in use in Brattle and Grove Streets, for pumping the sewage matter to Massachusetts Avenue.

With the installing of the public sewer in the Sylvia and Hibbert Streets section two years ago, conditions from a sanitary standpoint have greatly improved. There is still however a chance for further improvement in this section, through the weekly collection of ashes, rubbish, etc. We are of the opinion that these collections are an absolute necessity, and would strongly urge that provision be made, in order that they may be commenced April 1, of this year.

One Typhoid Carrier was located in the Town, and measures adopted to obviate any chance of contagion from this source.

Mumps have been rampant in the Town, due to failure to report the cases, also in some instances attempts are made to

conceal cases. The Town however on the whole has been fortunate in regard to contagious diseases in comparison with some of the neighboring towns.

Respectfully submitted,

EZEKIEL PRATT, M.D.,
Bacteriologist and Physician to the Board of Health.

REPORT OF ACTING PHYSICIAN

I also investigated and reported on two applications for Lying-In Hospitals.

Respectfully submitted,

GUY E. SANGER, M.D.,
Acting Physician to the Board of Health.

MILK INSPECTOR'S REPORT

To the Board of Health, Arlington, Mass.

Gentlemen: I respectfully submit my report as Inspector of Milk for the year ending December 31, 1919.

The cost of milk to the consumers has remained practically the same as during the war, and there is no immediate prospect of a marked reduction in price.

Comparing milk with other food products, however, the price is relatively lower, when its nutritive value is taken into consideration.

Bacterial counts made during the summer months were lower than in previous years, showing greater care in handling and a more liberal use of ice, even with almost famine prices for ice prevailing. A summary of the year's work is appended.

REPORT OF THE SCHOOL COMMITTEE

The School Committee herewith presents a brief report of its work during the year 1919 for the consideration of the citizens of the Town.

During this year the Committee gave much time and study to the problem of maintaining our schools up to the standard required by the citizens without exceeding the appropriation made for school purposes. At the Annual Town Meeting in March, an appropriation was made, for the purpose of increasing the salaries of our teachers, which seemed proper and reasonable at that time, but owing to the continued rise in living expenses, the increases that were then granted soon proved inadequate to meet the new conditions.

We are pleased to record that the members of our teaching corps met the situation in an admirable spirit and while experiencing the hardships and sacrifices made necessary by their limited incomes still they performed their duties in a cheerful and conscientious manner and co-operated with the School Committee in the endeavor to carry along the school work without loss of efficiency.

When the situation was presented to the citizens of the Town by this Committee, the merits of the case were immediately recognized and a substantial increase in their salaries was granted to the members of our educational force to take effect January 1, 1920. By this act the Town took a long step toward the stabilization of our school system thereby removing one of the great causes of unrest and discontent which existed among the teaching body and has made possible the placing of our schools on a higher plane of professional service.

After a careful study of the question of providing additional school accommodations we made a report to a special Town Meeting held December, 1919. This report advocated the erection of a grammar school building on town land at the junction of Forest and Summer Streets, a junior high school

building on town land adjacent to Fessenden Road, an addition to the present Crosby School building and the procuring of a site for a grammar school building in the Parmenter district. The report and accompanying recommendations will be found incorporated in the records of that meeting. Until such time as permanent school buildings are constructed to care for the children, we believe that the Town should provide portable schoolhouses for use in the most crowded districts. In accordance with that plan and upon the recommendation by this Committee the Town purchased in December of this year a one-room school building to relieve the conditions in the Parmenter School. These buildings while they provide housing facilities for the children are not as satisfactory in any way as permanent structures and should be considered only as a temporary help.

In November, the Committee accepted with great regret the resignations of Mr. Lindsey K. Foster who had been a member of the Committee for over twelve years, serving the greater part of that period as its secretary, and of Mr. Claude A. Palmer who was serving his second year on the Committee. To fill these vacancies, our Committee in joint meeting with the Selectmen elected Mr. Robert N. Turner and Mr. Harold L. Frost.

The generosity of one of our public-spirited citizens has made possible the establishment and equipment of a dental clinic in a room in the Robbins Memorial Town Hall and we expect this clinic will soon be in active operation under the direction of the Board of Health and the School Committee.

We have also co-operated with local organizations engaged in welfare work, granting to such societies the use of rooms in school buildings whenever possible to do so.

The Committee desires to acknowledge a contribution of \$200 made by the Arlington Woman's Club for the purpose of constructing a hockey rink in the rear of the high school building. As recommended in our report of last year we believe that the large area adjacent to our high school building should be reclaimed as soon as possible and made available for a playground.

An important addition to the activities of the Committee

is the Americanization Work taken up at the request of the State and continued by vote of the Town. Through a careful survey made throughout the Town we discovered that there were large groups of persons who were not familiar with our language and who possessed but little knowledge of our country's history and the privileges and obligations of citizenship.

We have made a study of the ways and means employed in other communities to impart this essential knowledge to persons who have never had an opportunity for this instruction, so that we may proceed along a definite and constructive plan in this work.

The installation of electric fire gongs in the school buildings was completed this year but other extraordinary repairs and improvements were postponed because of lack of funds. As the prices of labor and material advance we are able to get less done than formerly for the same appropriation and must request the Town to grant larger sums for repairs if we are expected to maintain and care for the Town property in the proper way.

Respectfully submitted,

JOHN A. BISHOP, *Chairman.*

REPORT OF THE JOINT BOARD OF SELECTMEN AND BOARD OF PUBLIC WORKS

The sixteenth annual report of the Joint Board of Selectmen and Board of Public Works is herewith submitted.

At the annual March election Clarence A. Moore was elected a member of the Board of Public Works for three years, and Loren W. Marsh was elected a member of the Board of Public Works for two years, and as such became members of the Joint Board. Olvin H. Lufkin was elected a member of the Board of Selectmen for three years, and as such became a member of the Joint Board.

The Board organized on March 10, 1919, with Thomas J. Donnelly, chairman of the Board of Selectmen, chairman, and Thomas J. Robinson, clerk.

The following appointments were made for the year ending April 1, 1920:

Town Counsel, Philip A. Hendrick; Superintendent of Public Works and Town Engineer, George E. Ahern; Superintendent of Wires, Reuben W. LeBaron.

The regular meeting nights of the Board are alternate Tuesdays, but when the business of the Board requires meetings are held on other evenings.

For the benefit of new citizens of the Town and others not familiar with the duties of the Board, it may be well to publish portions of the Act creating the Board.

The authority of the Board is contained in Section 5 of Chapter 3 of the Acts of 1904, creating the Joint Board, and is as follows: "Section 5. Upon the election of said Board of Public Works all the powers, rights, duties and liabilities of the Selectmen in said Town, now existing, or hereafter created by law, relating to highways, Town ways, the laying out and discontinuance of ways, bridges, sidewalks, guide posts, monuments at the terminal and angles of roads, public squares, playgrounds, shade trees, sewers, drains, street watering, street

lighting, the assessment of damages and betterments, water pipes, gas pipes, conduits, poles, wires, street railways, the granting of locations, rights or licenses for structures, upon, under or over highways, or other ways, shall be exercised, enjoyed, performed and incurred by a Board consisting of the Selectmen and the Board of Public Works, created by this Act, sitting jointly as the Board of Survey."

The foregoing Act was accepted by the Town, February 8, 1904, and has been in operation since that time.

RULES OF THE BOARD AFFECTING PROPOSED STREETS BEFORE ACCEPTANCE BY THE TOWN

The Town having accepted the provisions of Chapter 249 of the Acts of 1897, known as the Board of Survey Act, the Board has established the following rules and regulations governing petitions for the laying out and the acceptance of new streets. The Board found this action necessary in order to avoid misunderstandings, and to enable petitioners to know approximately what the ultimate cost of the street would be, and the conditions under which the Board could recommend the acceptance of these streets to the Town. The rules, as adopted by the Board, are:

1. *Approval of Plans.* No plan will be approved which does not comply with the Board of Survey Act.

2. *Petition for Estimate of Cost of Construction.* After the approval of plans by the Board the interested parties may on application receive from the Clerk of the Board a blank form of petition requesting the Board to furnish an estimate of the cost of construction of the proposed street. This petition should bear the names of *all* owners of land abutting on the street together with the *signatures* of the parties petitioning.

On receipt of this petition the Board will designate the type of construction and direct the Town Engineer to make an estimate of the cost of this construction.

3. *Petition for the Laying Out of Streets.* A blank form of petition for layout, stating the length, width, type of construction and estimated cost, will then be sent to the petitioner. This petition should also show names of *all* owners of land

abutting and their addresses, together with the signatures of as many as possible of the parties desiring the layout. On receipt of this petition the Board will set a date for a hearing, and all interested parties will be notified.

4. *Action by the Board at First Hearing.* After this first hearing if, in the opinion of the Board, common convenience and necessity require that the street in question be laid out as a public highway, they so vote and further vote that it is the *intention* of the Board to so lay out. A hearing is then set on the intention of the Board, and all interested parties are notified by warrant served by a Constable of the date of said hearing.

5. *Final Hearing on Intention of the Board to Lay Out.* If after the second hearing the Board is still of the opinion that public convenience and necessity require that said street should be laid out as a public way, a vote is passed laying the street out in accordance with the plans approved by the Board and a record is made of the description of the street by meters and bounds.

6. *Acceptance by the Town.* After the vote by the Board to lay out it is then within the authority of the Board of Selectmen on petition to insert an article in the Town Warrant for the acceptance of the street. No street can be brought before the Town for acceptance until the foregoing rules have been complied with. The Board would remind all persons intending to petition for the laying out and acceptance of streets that appropriations for this purpose are only made at the March meeting of each year. The petitions should, therefore, be filed during the early fall months, in order to allow time for hearings before the drawing of the Warrant for the March meeting.

In addition to the foregoing rules the Board has established a rule by which persons desiring the laying out, construction and acceptance of new streets will be informed before final action by the Board of the estimated cost of the construction and the approximate assessment to be levied on the abutting owners. This rule has worked very satisfactorily, enabling the petitioners to know what the street will cost them individually, and relieving the Board, when betterments are assessed, of many misunderstandings as to the portion of the cost which is to be borne by the abutting owners.

NEW STREETS

As reported by the Board last year there have been but few applications for the laying out of new streets. This condition is attributable to the continued high cost of labor and materials. During the year, however, the abutting owners on Oxford and Harlow Streets, between Raleigh Street and Broadway, petitioned for the construction and acceptance of these streets. On investigation by the Board it was found that the ends of these streets between Raleigh Street and Broadway were in a very poor condition and that the people living on these ends were suffering a great deal of inconvenience. In accordance therefore with the petitions, hearings were given and estimates of cost of construction supplied. After these hearings the Board voted to recommend the acceptance of these streets including the part of Raleigh Street between Grafton and Oxford Streets to the Town. Similar action was taken on the petitions for the acceptance of Rawson Road, Amherst Street and Bowdoin Street. Action will be recommended on these streets at the March meeting of 1920.

Other petitions were received but the interested parties on being informed of the cost of construction preferred to have the work done by private contractors. This action the Board approves, provided the work be done in accordance with specifications furnished by the Town Engineer, under his supervision and to his satisfaction. If this is done, the streets can be later accepted by the Town without the assessment of betterments, thus relieving the Town of the problem of financing the work.

STREET LIGHTING

The question of how best to light our streets differs little from reports of previous years. In 1917 the Town voted to have our street lights lighted on the all-night schedule, but owing to war conditions coming shortly after this vote was taken the schedule was changed in three different ways since that time. For the past year the lights have been burning on the one o'clock schedule but in the latter part of the year, on the petition of numerous citizens, the lights were turned on each morning one hour before sunrise. While this change accommo-

dated a great number of our people whose business called them from their homes in the early morning hours, the Board is of the opinion that the lights should be lighted all night as there are many of our citizens whose business keeps them from home until two or three o'clock in the morning as well as many more whose business calls them at that time. The increase in cost to maintain all night lighting for the nine months from April 1 will be about \$1700.00. The Board recommends this action.

The appropriation for 1919 was \$13,773.87 and \$12,895.44 was expended — leaving a balance of \$878.43.

GASOLINE PUMPS ON SIDEWALKS

With the increase in the use of automobiles, the Board received so many petitions for locations of pumps for the distribution of gasoline that it was found necessary to make certain regulations governing these petitions. While the Board recognizes the necessity of having supply stations conveniently located for the benefit of the traveling public, it is also of the opinion that these stations should not be located where they will create a congestion or obstruction in a much travelled thoroughfare. There are at the present time six of these pumps located on Massachusetts Avenue between the Cambridge and Lexington lines.

These permits are issued for one year and dated from April 1. A renewal each year is necessary. A bond in the sum of \$1000 is also required to hold the Town harmless for any damage that might arise by reason of these pumps being located on the sidewalk. It is the desire of the Board to deal with all applications in a fair manner, having in mind the safety and convenience of the public and the liability of the Town.

PERMANENT SIDEWALKS

The Board is pleased to report that during the past year more sidewalks of a strictly permanent character were laid than in any one previous year. The Board adhered to the rule adopted two years ago, whereby the applicant for a sidewalk deposited with the application one-half of the cost as estimated

by the Town Engineer. This rule has worked to the advantage of the owner desiring a sidewalk and to the Town. About 8000 square yards of granolithic walks were laid in various parts of the Town.

All applications received up to October 15, 1919, were taken care of with the result that no applications are pending at the present time. The walk on Massachusetts Avenue from Marathon Street to Henderson Street has been completed and has proven a great benefit to the people in that section of the Town. The Board would recommend an appropriation sufficient to extend present walk on the opposite side of the avenue when needed between Lake Street and Thorndike Street.

Owing to the damage done on Medford Street by reason of the burning of tar (for which the Town received \$1750) it was found necessary to replace the edgestone on this street from the Russell School property to Chestnut Street. In connection with this work and working in conjunction with the pastor of St. Agnes Church, the grade of the sidewalk was lowered and a new granolithic sidewalk laid between these two points, greatly improving the appearance of the street and adding to the safety of pedestrians.

At the request of the Board the Boston Elevated Railway replaced the old wooden poles along this street with new iron poles. The Board recommends that the granolithic sidewalk on this street be extended to Massachusetts Avenue.

SUMMER STREET BOULEVARD

During the year the contract for constructing this boulevard was completed and all bills paid. The amount paid as per contract was \$25,698.92. In accordance with the agreement entered into by the State, the County and the Town, this expense was equally divided, viz: \$8,566.31 each. The Town had appropriated \$15,000.00 for this construction as it was necessary for the Town to finance the contract. The amounts reimbursed by the State and the County left an unexpended balance to the credit of the Town of about \$6000. With part of this balance the Board has completed necessary work, not included in the contract, viz., the setting back of

walls, the construction of sidewalks, etc., and other things in accordance with the provisions of agreements made with the abutting owners. This work amounted to \$4655.00 leaving an unexpended balance of \$1345. All details and expenses for the construction of this street have been cared for and the wisdom of this work as a means of relieving the traffic on Massachusetts Avenue is apparent to all.

DEVELOPMENT OF NEW TERRITORY

In the development of the remaining area in Arlington for building purposes, the Board has adhered to the policy established some years ago of carefully considering all plans submitted for proposed layouts of this remaining territory. The problems encountered are many, but the Board has endeavored to meet these problems in a spirit of encouragement for a proper and beneficial development for the Town. It is not the policy of the Board to hinder, but on the contrary to encourage development where such development approaches the standard set by the Board. There are numerous tracts of land in our Town at the present time that can, by the character of the development, either mar or make the future of the Town. The future of the Town as determined by the uses of these areas is a serious problem and one which should attract the attention of all our citizens. Our Town is not a manufacturing town,—it is not an industrial center. It is essentially a residential town, and as such must be considered from the viewpoint of the home seeker,—the man who desires to make his home among us—to be a part of us and to contribute, in his taxes, his share toward the cost of maintaining our various activities at the same standard of efficiency that has characterized the Town in previous years. In order to do this it is essential that the citizens, particularly those more munificently endowed with this world's goods, interest themselves in these problems. These citizens can, if they will, acquire these areas—have them laid out in accordance with the previous mentioned established restrictions and setbacks, and, in short, so

develop the property that the future of the Town is assured, and the public-spirited citizens doing the work are reimbursed by the enhanced value of the property. This method has been tried with advantageous results in other places and the Board would recommend to our citizens a very serious consideration of the plan as applied to Arlington.

The Board has received petitions for the approval of plans for the layout of streets in various sections of the Town. These petitions, owing to the location of the land, the surroundings, and the ultimate detriment of the Town, were not granted.

The Board would, therefore, again urge that when property or land is contiguous to existing Town property the greatest care should be exercised in the determination of the development of that particular tract of land — to the end that the interests of the Town may be safeguarded.

MATTERS PENDING

During the year the Board has received a petition for the development of property on Eastern Avenue near Highland Avenue. In making a study of this property and the bearing the proposed development would have on future developments in this vicinity, the Board were of the opinion that the continuation of Eastern Avenue known as Spring Street should be widened from the present end of Eastern Avenue to Pleasant Street in Belmont. After a conference with the Selectmen of Belmont a petition was presented to the County Commissioners for a relocation of the lines of Spring Street between the points indicated. Hearings were given on the petition, the premises viewed and the matter is now being considered by the Commissioners. It is expected that a decree will be issued in accordance with the petition.

Nothing has been done during the past year owing to conditions on the proposed new way between the Boston and Maine tracks and the Spy Pond Playground, the underground system of street lighting or the proposed new street from Massa-

chusetts Avenue to Mystic Street. If conditions warrant, some if not all of these matters will be taken up the coming year.

Joint Board of Selectmen and Board of Public Works.

TOWN ENGINEERS' REPORT

ARLINGTON, MASS., January 1, 1920.

To the Joint Board of Selectmen and Board of Public Works.

Gentlemen: Herewith is respectfully submitted the annual report of the Engineering Department for the year ending December 31, 1919.

The Engineering Department furnishes all the Town departments and committees with such information, plans, designs, estimates and data of an engineering nature as they may require on work being done, or contemplated, also keeps careful notes, measurements and locations of new work, additions, changes, and extensions as they may occur, and properly records the same for future reference by maps, plans or profiles.

The Engineering cost for the year is classified as follows:

Engineering Appropriation: Comprising Town Engineer's salary and cost of preliminary surveys, plans, designs, sketches, etc., and general engineering work for all departments	\$3,458.18
Highway Division: Comprising surveys, estimates, profiles, lines and grades, and all other engineering work relating to the department	697.09
Sewer Division: Comprising surveys, estimates, profiles, lines, grades, titles, plans, assessments, and all engineering work relating to sewers	755.09
Water Division: Comprising lines, grades, locations, and plans of mains, gates, hydrants, and services, and other work relating to the Water Department	669.16
Storm Drain Appropriation: Comprising surveys, plans, etc.	112.59
Aberdeen Road Extension: Comprising surveys, plans, etc.	167.08

Summer Street Construction: Comprising surveys, plans, etc.

Board of Survey: Comprising surveys, plans etc. \$11.29

Miscellaneous: 78.00

A portion of Aberdeen Road from Tanager Street sixty-two (62) feet northwesterly was constructed under the betterment Act this year. This work necessitated the moving of a dwelling house owned by Amana E. Estabrook to a new location on Tanager Street. The street has been subgraded and open for travel and is a great convenience to the people in that territory.

The north side of Massachusetts Avenue from Water Street to Schpuler Court was reconstructed with Bermudez Asphalt Macadam. The excavated material from this work was used in making fills on Summer Street at the corner of Mill Street, and also at the corner of Grove Street.

On Summer Street at the corner of Mill Street, and at the corner of Grove Street extensive improvements were made. The street was widened, retaining walls, fences and sidewalks were built, and curbing installed, thus eliminating, to a great extent, dangerous traffic conditions which formerly existed at these places.

Three thousand seventy-seven (3077) square yards of granolithic sidewalks and one thousand three hundred eighty eight (1388) linear feet of granite curb were laid during the year.

A total length of three thousand seven hundred thirteen (3713) linear feet of main sewers were constructed and one hundred four (104) house connections were made; work having been done by the Board of Public Works employees.

Four thousand six hundred five (4605) feet of water mains were laid and six thousand sixteen (6016) feet of water services were constructed.

A storm drain system was installed in Bow Street and Oakledge Street which has satisfactorily solved the surface water problem in that section. For details and cost of construction of this work see Board of Public Works Reports.

Board of Survey studies were made for the layout of streets on land between Florence Avenue and Appleton Street; on Highland Avenue at the corner of Eastern Avenue adjoining

Menotomy Rocks Park; and also on Pleasant Street and Devereaux Street Extension.

Five (5) Board of Survey plans were verified by this Department and approved by the Board of Survey.

Under the direction of the Board of Survey, a survey and plan was made of Spring Lane, from Highland Avenue to Pleasant Street. This plan was made for the purpose of straightening and widening to fifty (50) feet the present street, and this subject is now under consideration by the County Commissioners.

Street numbering plans of all new streets have been made, new buildings located, and numbers assigned.

Plans have been made by the various companies and corporations and filed in the Town Engineer's office, showing the locations of structures for which permits were granted by the Joint Board during the year.

The Engineering Department has prepared plans and performed miscellaneous services for all the Town departments and for the Town Counsel.

Annexed to this report is a table giving the names of all streets in the Town, public and private, lengths, widths, and total mileage; also a table of general statistics pertaining to the Town.

Respectfully submitted,

GEORGE E. AHERN,
Engineer and Superintendent of Public Works.

REPORT OF THE SUPERINTENDENT OF WIRES

To the Honorable Board of Selectmen and Board of Public Works.

Gentlemen: I respectfully submit my twentieth Annual Report as Superintendent of Wires for the year ending December 31, 1919. This report includes the supervision of Fire and Police Signal System, Street Lighting and Inspection of Wires in buildings and on the highways.

FIRE ALARM

Two new Fire Alarm Boxes were installed during the year as follows:

Box Number 72, Massachusetts Avenue opposite Daniels Street, installed January 28, 1919.

Box Number 12, Thorndike Street at corner Lake Avenue, installed October 23, 1919.

Box Number 72 was placed on an iron terminal post connecting with the underground wires. Box Number 12 was connected by aerial wire construction, using wire taken down elsewhere as released by underground wires installed.

On September 15 new underground wires were placed in commission for Fire and Police Signal Systems between Box Number 47, at corner of Massachusetts Avenue and Forest Street, and Fire Box Number 72, Massachusetts Avenue opposite Daniels Street. With these new wires in service the old fire alarm wire paralleling the railroad track from Forest Street to the Heights was discontinued, this wire location being used for about twenty-nine years. One new iron cable post was installed on Massachusetts Avenue, near Bartlett Avenue, on August 31, 1919, this post being set to receive new underground wires to be installed at a later date. The conduits for this new terminal post and others were laid at this time while Massachusetts Avenue was being rebuilt between Water Street and Schouler Court to the end that it would not be necessary to excavate in this section of rebuilt street for several years to come.

All aerial wires of the Fire Alarm System were replaced between Fire Boxes Numbers 712 and 72 on Massachusetts Avenue, as these wires were old and in a dangerous condition and it was deemed advisable to replace temporarily with wire on hand until such a date as the underground wires are extended between the two above specified signal boxes.

Two thousand six hundred and forty (2640) feet of 10-wire, lead encased cable were purchased during the year to replace old underground wires on Massachusetts Avenue. Owing to duct space not being available in conduits this new cable will not be installed until a later date when changes will be made in underground construction existing that will provide a conduit for this new cable, and which will materially reduce the cost of installation.

All electrical apparatus was removed from the old Fire Station at the Heights with the discontinuing of this Fire Station, and Fire Box Number 64, located on this building, was placed on a pole in a more sightly location, as several false alarms had been sounded from this box.

A new Transmitting Box with non-interference machinery and with a capacity for containing 100 signal wheels was purchased this year to be installed in the Central Fire Station to replace the plain type of Transmitter which has been in service since the year 1902. Several breaks in Fire Alarm wires occurred during the year, being caused by ice and broken limbs of trees.

On October 25 at 1.05 o'clock A.M., the iron cable post at junction of Massachusetts Avenue and Forest Street, on which are located Fire Box Number 47 and Police Box Number 44, was run into by an automobile. The iron castings of this post were badly broken and the five lead encased cables entering same were all disconnected and badly injured, all signal systems in the Heights section of the town being put out of use. Temporary repairs were made in about one hour, restoring the circuits to service, but two days' labor for a gang of men was necessary to replace the broken post and reconnect underground cables. The expense of this smash-up will be billed to the owner of the automobile, as the street at this particular location is sufficiently wide to allow for proper navigation of an auto-

mobile without running into a Fire Alarm post set inside of street lines.

I would say at this time, if it had not been that the Wire Department was equipped with an Emergency Truck, fully prepared to handle accidents of this kind, much delay would have taken place in restoring the signal wires to service.

On the night of October 31 eight false alarms for fire were sounded. These false alarms followed each other so quickly that it was almost impossible to keep the bell strikers, whistle-blowing machine, and Central Office apparatus wound up and in commission. Fire Box Number 64 was injured at this time and had to have machinery removed that night and repaired before same could again be put into service. The Repeater at the Fire Alarm Headquarters was also temporarily put out of commission by the breaking of one of the operating levers. As the Repeater is the "Heart of the Fire Alarm System" through which all alarms are received and retransmitted, the Wire Superintendent was kept on the jump on this particular night in making repairs and keeping all machinery working to the end that the Fire Department should receive notification of alarms being sounded, this Department being continually on the move to all sections of the town.

Something should be done to put a stop to the "false alarm fiend," as the unlawful sounding of fire alarms is a dangerous and expensive pastime, which will certainly cause loss of property, or perhaps life, if allowed to continue under conditions that have been experienced in this town and other municipalities during the past few years.

On June 28, at 6.45 P.M., twenty-one blows were sounded on the Fire Alarm, calling attention to the signing of the Armistice.

On September 10, at 6 P.M., the Military Call, 7-7-7, was sounded for the first time in this town, calling the militia to service in Boston on account of the Police strike.

POLICE SIGNAL

This important branch of the town's signal service has been in commission for fourteen years, and since date of installation has transmitted thousands of duty and telephone calls yearly. In the period since date of installation, 1906, very little has been

done for repairs on this system, and cost of maintenance has been small. The time has now come when some of the apparatus of this system should be thoroughly overhauled on account of wear. Furthermore, defective insulation of old underground wires has impaired the working of parts of system at times owing to leakage of electric currents, more especially during the past year, as the underground conduits were very damp owing to rainy conditions existing. Few of our citizens have any knowledge of, or can appreciate the large amount of "police business" transmitted over the Police Signal System, and the added protection this system gives the community as a whole.

STREET LIGHTING

During the year three 60 candle power and two 600 candle power Incandescent Lights were installed, and four 60 candle power lights were removed, making a net addition of only one new light added to the Street Lighting System during the year. The location of new lights installed and old lights discontinued are recorded by schedule filed with the Town Clerk, and also are on record at Wire Department office. The installation of six 60 candle power lights was authorized during the year for Forest Street to complete street lighting on this thoroughfare to the Winchester town line. Owing to labor conditions existing, the Edison Company was unable to complete this year construction which required the setting of several poles for these new lights, but it is expected that the work will be completed early this coming year.

As per your authorization, the street lights were lighted between 5 and 6 o'clock A.M. during the months of November and December, and I think this early morning lighting is appreciated by our citizens who have to start early in their daily occupations.

POLES AND WIRES

Very few poles were set on the highways during the past year. The replacement of old poles was small in number, although an inspection of poles existing was made by the various corporations owning same. Labor conditions and the high cost of materials have prevented much new construction that should be done if times were normal.

On Medford Street, between Massachusetts Avenue and Chestnut Street, six wood poles owned by the Telephone Company were removed and six iron poles were set in place of these wood poles to support span wires of the Boston Elevated Railway trolley system. Underground conduits were installed by the Telephone Company for house services, and electric light wires were changed as made necessary by the substitution of iron poles. A very great improvement has been made on this street by the changing of the wood poles to iron, and the lessening of number of aerial wires made possible by underground construction. Similar changes should be made on Massachusetts Avenue where the wood poles now are used only for the support of railway wires.

A new transformer sub-station was erected by the Edison Company on Mystic Street, near Russell Street, to provide additional service to the rapidly growing light and power systems in the town, and it is understood that the Edison Company at a future date will erect a larger and more substantial station for their requirements.

INSPECTION OF WIRES IN BUILDINGS

Applications for new electrical construction increased over 150 per cent during the past year from the year 1918, which indicated that conditions were improving in as far as new busi-

ness being done. Five hundred and sixty-three (563) applications were made for electrical construction, and four hundred and fifteen (415) inspections were made, covering principally new construction. One electrical fire occurred during the year, caused by leaving current turned on a flatiron. This fire required the services of the Fire Department on a still alarm, and damage was fortunately small. An electric flatiron is a very useful article, but a very dangerous one from a fire standpoint if left with current turned on, and all citizens should use due care when using any of these electrical heating devices to be sure that same are disconnected when not in use. By making a practice of detaching cord of iron from socket or wall fixture when not using may save a burned home. The use of other electrical devices is greatly on the increase, and some of these devices are dangerous both from a life and fire standpoint if not properly attached to wires or other fittings of required capacity. Consult the Inspector of Wires or a competent electrician when in doubt on matters of this kind, which may save serious results.

RECOMMENDATIONS

I would further recommend at this time, as in past reports, that as large an appropriation be made as consistent with financial conditions existing for the extension and renewal of the underground wire systems of the Fire Alarm and Police Signal. This new construction must be advanced as fast as possible to insure reliable service of these systems. Substantial appropriations for this class of construction will be necessary for the next four years coming before replacement of old underground wires now in use will be completed, and also to meet increased additions to the above specified systems that will be necessary by new streets and buildings being built.

Respectfully submitted,

REUBEN W. LEBARON,
Superintendent of Wires.

REPORT OF PLANNING BOARD

1919

ORGANIZATION

At the annual Town Meeting held last March, Mr. H. B. S. Prescott was elected a member of the Planning Board to fill the vacancy caused by the declination of Judge James P. Parmenter to run again for this office. Subsequently Mr. Prescott was elected Vice-Chairman.

The other members of the Board are Henry W. Hayes, Chairman; Harry G. Porter, Cyrus E. Dallin, Robert W. Pond.

Jacob Bitzer was again appointed to serve as Secretary.

ROLL OF HONOR

The most important and interesting problem considered by the Board this year was the question of the location of a Roll of Honor to contain the names of the Arlington boys who served our country in the war with Germany.

Early in the year, Mr. Cyrus E. Dallin submitted a model of a Roll of Honor which was approved by the Board.

At the last annual Town Meeting it was voted that the Planning Board be appointed a Committee with full authority to erect a Roll of Honor on the green adjacent to the easterly side of the Town Hall. the money to be raised by popular subscription.

Shortly after this Town Meeting, the Board received sharp criticisms of the location decided upon, from many interested citizens. After a careful investigation and discussion of the criticisms, the Board decided that it would be wise to again submit this question to the Town for further consideration.

With this end in view the Board made a progressive report to the special Town Meeting held December 11, 1919. In that report the Board suggested that the erection of a Roll of Honor

be deferred until such time as the local post of the Legion has acquired a home. This home in the opinion of the Board would be the logical location for a Roll of Honor.

The Board also suggested that a memorial to the soldiers who died in the service be placed in the vestibule of the Town Hall. It is the intention of the Board to present the whole subject for further consideration to the next annual Town Meeting.

BUILDING LINES ON MAIN THOROUGHFARES

Since the year 1915, the Planning Board has annually urged the Town to establish building lines on through streets, as this is the only method by which the Town can secure the possibility of future widening in these thoroughfares without prohibitive expense and can prevent the encroachment on existing open spaces.

The Board has called to the attention of the Joint Board the necessity of establishing building lines on Massachusetts Avenue and also on Medford Street. The persistency of real estate promoters to erect one-story stores and garages close to the sidewalk line ought to be checked at once. Therefore, the Board again urges immediate action by the Town.

Cities and towns that have established building lines have found them to be of great value in promoting proper development and the much dreaded civil suits for damages as many prophesied would be the case have not been filed in the courts. Building lines when established have proved to be a betterment rather than a damage.

The Board quotes from the 1916 report the following section:

“We believe that this Act provides a means for making necessary widenings with the least expense to the Town and the least hardship to the owners of property. It will be observed that the imposing of a building line does not take away the right to use one's land except for building purposes. Lawns, shrubbery, walks and fences may be kept irrespective of the building line. It is hardly more than a notice to the owners that some time in the near or distant future a front strip of his land, varying from a few feet to forty feet (limited by the Act to twenty-five feet), depending upon the necessity, may be taken for highway purposes, and until that time the strip is to be kept clear of sub-

stantial structures which would be costly to remove. There is nothing new in the principle of the Act. A set-back restriction is very commonly found in residential property of good class. In many of the streets of Winchester there are such set-backs. The only difference is that, instead of being a private restriction and enforceable only by the owners of lots which are affected thereby, it becomes a public regulation enforceable by the Town. The Act has been adopted in the cities of Boston, Cambridge, Lynn, Medford, Newton, Quincy, Revere, Springfield, Woburn, and towns of Brookline, Dedham, Milton, Norwood, Watertown, Winchendon.

“It has been used in the metropolitan district by the Town of Watertown, which during the last two years has placed a building line on several of its streets, and by the City of Quincy, which has established a fifteen-foot set-back for one thousand feet on School Street, one of the important thoroughfares of the town. In both Watertown and Quincy no damages have been claimed by property owners, who are evidently content to wait until their land is actually taken for a physical widening of the street.”

SUCKER BROOK IMPROVEMENT

The improvement of Sucker Brook has been brought forward by the Board with the idea of doing the work in connection with the construction of the Metropolitan Sewer. Owing to present-day conditions the construction of this sewer will probably be postponed for some years, meanwhile the Town might gradually improve the banks of the brook.

The Town deposits an ever increasing amount of material washed from the streets and carried through storm drains to the bed of the brook. This deposit causes the water to overflow the lands of abutting owners and creates unhealthful and unsightly conditions. A gradual improvement of these conditions would not be burdensome. A start should be made this year on that section of the brook lying between Grove and Mill Streets. The banks of the brook in this section are largely owned by the Town and the draining of the land would result in giving an extended area for playground purposes on the High School grounds, and a possibility would be created of building a swimming pool and skating rink.

CROSS STREET FROM CENTRAL TO MYSTIC STREETS

Plans for this cross street are now on file at the office of the Town Engineer and have been approved by the Planning Board. The Town has authorized the Selectmen to petition the Superior Court for the appointment of a special commission for the elimination of grade crossings. As the elimination of the grade crossing and the building of the street are so closely allied, the whole matter is deferred until the Commission is appointed

PLAYGROUND AT THE HEIGHTS

The need of a playground at the Heights is becoming more apparent as the population increases.

The Town three years ago made an appropriation of \$800 for the purchase of land for this purpose, but no suitable location was found available and the matter has been allowed to drop.

According to the program of the School Committee, a Grammar School will be erected on Forest Street and a Junior High School on the Crusher lot. If this is done, a playground in the vicinity of these two schools becomes a public necessity. There are three locations which might well be considered in solving this problem.

First: A playground could be developed on the lower level of the Crusher lot which is owned by the Town, without interfering with the use of the rest of the lot for school purposes, essentially as reported by the Committee on Junior High School building.

Second: A tract of land owned by Charles S. Peirce and located at the corner of the State Highway and Forest Street. This is a level lot and would not cost a great amount of money to develop.

Third: The old Hobbs Pond property, together with the land owned by Howard S. Russell, could be developed into an ideal playground, with a swimming pool for the summer and a skating rink for the winter. This location has been a playground for the children of the neighborhood for a generation and could be preserved as such at a moderate expense.

OTHER PROJECTS

Numerous projects for the development of the Town are constantly brought to the attention of the Board, many of which have had to be laid aside owing to the fact that the money necessary to carry them out cannot yet be made available. The suggestions made by the Board in this report are for projects that are necessary and not overburdensome.

SCHOOLS

The problem of housing the school children of the Town is receiving the careful consideration of the School Committee as their report to the Town Meeting of December 11th has indicated. The Board is of the opinion that the locations proposed are well considered and will probably meet the present and future needs of the Town.

CONCLUSION

While building operations are still checked by abnormal conditions and the growth of the Town somewhat retarded, it is a favorable time to plan for future growth so as to be prepared when conditions again become normal to develop the Town in a manner that will reflect credit upon her citizens of today and receive the approval and appreciation of future generations.

HENRY W. HAYES, *Chairman.*
H. B. S. PRESCOTT, *Vice-Chairman.*

REPORT OF TOWN COUNSEL

To the Honorable, the Joint Board of Selectmen and Board of Public Works:

Herewith I hand you my report for the year ending December 31, 1919.

The following cases were disposed of:

JAMES H. GORDON: Petition for abatement of betterment assessments on Summer Street Extension. Tried before a jury with the Hill and Johnson cases. The jury found in favor of the Town.

SUBURBAN LAND Co.: Petition in the Land Court by the Suburban Land Co. to register land in which the title of the Town in Great Meadows was involved. Final decree entered establishing and defining the rights of way of the Town to Massachusetts Avenue.

JEREMIAH MALONEY: Petition by the Town to require relatives of a pauper to reimburse the Town for his support. The Court found that the relatives were not of sufficient ability to make such contribution.

ALEXANDER SISKIND: Suit to recover taxes claimed to be illegally assessed. Case disposed of in favor of the Town without trial.

NORA DUGGAN: Petition for assessment of land damages. Case ready for trial. Settled on the payment of \$300 by the Town.

ELLEN HICKEY: Suit brought to recover damages alleged to have been sustained by falling into a sewer trench. Plaintiff was nonsuited.

GEORGE H. JOHNSON: Petition for abatement of betterment assessments on Summer Street Extension. Tried with the Gordon and Hill cases. Jury found in favor of the Town.

GEORGE H. HILL: Petition for abatement of betterment

assessments on Summer Street Extension. Tried with the Gordon and Hill cases. Jury found in favor of the Town.

SUSAN A. MORRILL: Street accident caused by a defect in Marion Road. Settled by payment of \$150 to the injured person.

CENTRAL BUILDING Co.: Claim for \$234 for refinishing floor in new Town Hall. Suit was brought against the Town and the case was settled upon the payment of \$100.

McHUGH ET AL: Suit brought against the Town for damage to a greenhouse and crop alleged to have been due to an improper aqueduct in Dudley Street. Plaintiff claimed \$800 damage. Case was disposed of by an agreement for "Neither Party," the Town paying nothing.

BINNIG: Petition for abatement of betterment assessment. Disposed of by settlement, the petitioner paying a sum approved by the Joint Board.

SIMPSON: Petition for abatement of betterment assessment. Disposed of by settlement, the petitioner paying a sum approved by the Joint Board.

CATHERINE SULLIVAN: Suit brought for injuries alleged to have been sustained while leaving the new Town Hall, caused by slipping on the piazza. Case was settled by the payment of \$150.

BY-LAWS: At the request of the Police Department, the Town Counsel prosecuted a case involving several persons for violation of Section 7 of the By-Laws. The various parties were found guilty.

BOSTON ELEVATED RAILWAY Co.: Damage to auto of Fire Department. Settled on the payment of \$100 by the Elevated to the Town.

AMERICAN TAR Co.: Claim for damage to edgestones and trees on Medford Street caused by fire. Settled on the payment of \$1,750 to the Town.

THOMAS M. HUTCHINSON: Claim for injuries sustained on Forest Street due to an alleged defect in a guard rail. Settled by the payment of \$100.

AUTO OF PUBLIC WORKS DEPT.: Claim against one Robinson for injury to automobile. Settled upon the payment by the Travelers' Insurance Co. of \$180.80.

GRISWOLD LAND CO.: To remove from the records at the Registry of Deeds a plan of real estate illegally recorded. Plan removed.

MATTER OF GREAT MEADOWS: The contract for the use of the Great Meadows was cancelled and by summary process the title of the Great Meadows was revested in the Town free of any contract. Thereupon a new contract was entered into with W. W. Coe. The Town Counsel attended the various conferences leading up to the contract, drafted the contract and attended to securing the first year's rent.

WORKMEN'S COMPENSATION: Claim of JOHN O'KEEFE for injuries was settled by payment to him of \$20.

THOMAS KEATING: This man sustained a broken leg while in the employ of the Town and engaged in his duties in July, and has been receiving compensation since that time at the rate of \$14 per week.

In addition to the above compensation cases the Town Counsel has handled or investigated nine others.

SPRING STREET LAYOUT: The Town Counsel attended two different hearings before the County Commissioners and the matter of the final adjudication by the Commissioners is still pending.

ELEVATED DEFICIT: At the Direction of the Board of Selectmen the Town Counsel attended a conference with the Trustees of the Boston Elevated Railway Co. and also appeared and argued before the Street Railway Committee relative to this matter.

FRED M. BENSON: Claim for injuries to an automobile by reason of running into an unguarded trench. No settlement has been made.

HEARING ON THE COST OF ICE: At the direction of the Board of Selectmen the Town Counsel appeared at a hearing in the State House on this matter. No argument was made.

MAINTENANCE OF CAMBRIDGE BRIDGES: At the direction of the Board of Selectmen the Town Counsel appeared in opposing this Bill before the Committee on Metropolitan Affairs.

GAS COMPANY HEARING: At the direction of the Board of Selectmen the Town Counsel attended a hearing before the Gas & Electric Light Commission relative to the maintaining of

war rates by the Gas Company pending a return to normal conditions. The present rate was to be maintained.

TRAVELERS' INSURANCE Co.: This is a matter of adjustment of premium charged by the Travelers' Insurance Co. for workmen's compensation for the period ending July 1, 1918. Under the direction of the Town Counsel an audit was made which resulted in reducing the premium \$480. There are still further questions relative to the policy affecting the amount of premium which are still pending.

MATTHEWS CASE: This matter was brought to my attention by the Inspector of Plumbing to enforce his orders. After a conference with the parties the orders of the Plumbing Inspector were complied with.

H. J. GREEN: Investigation of claim of Mr. Green for money claimed to have been due. After a conference with the Treasurer and Auditor the same was found to have been paid.

RAWSON MATTER: This was a matter growing out of failure on the part of owners of property to comply with the orders of the Board of Health to instal proper sanitary appurtenances. Numerous conferences were had that resulted in the property owners complying with the Board of Health order.

LEAHY CASE: This is a claim for damages to land on Orient Avenue caused by the laying of a main sewer. Suit has not been brought and numerous conferences have resulted in no adjustment. The matter is still pending.

JAMES DENHAM: This is a suit brought to recover street betterment assessments on Park Avenue Extension claimed to have been illegally assessed or to be void. Preparation preparatory to trial has been made. The matter is still pending.

In addition to the above services the Town Counsel has attended the meetings of the Selectmen and the Joint Board, has prepared and filed twenty-one written opinions and has advised the various departments, when called upon to do so.

Respectfully submitted,

PHILIP H. HENDRICK,
Town Counsel.

REPORT OF BOARD OF PARK COMMISSIONERS

To the Board of Selectmen:

Gentlemen: Inasmuch as the Town budget showed such heavy demands all round only a nominal amount was appropriated for the Park Commission. This has sufficed to maintain the policing of Menotomy Rocks Park and the usual care. Owing to the carelessness of the representatives of the Department of Agriculture fire spread and destroyed numerous shrubs that had been set out in the Park in previous years. Through the efforts of the Commission these shrubs have been replanted without cost to the Town.

The pile of rocks at the "Foot of the Rocks" has, for some time past, shown signs of insecurity. Several of the larger boulders had fallen out and the Commission decided that the remainder of the pile was a menace, as another winter's frosts might throw out more boulders, which could find their way to Lowell Street. Estimates were obtained for rebuilding the pile of rocks with suitable foundation and the upper stone securely laid, but the cost was prohibitive, and as a previous Town Meeting failed to appropriate money for this purpose the Commission has had the pile of rocks razed, and it remains to be determined whether or not the monument shall be rebuilt.

The various grass plots usually in the charge of the Park Commission have been cared for during the Summer and the gateway at Menotomy Rocks Park has been completed by the mounting of a tablet suitably inscribed.

Respectfully submitted,

WILLIAM W. CROSBY,
Chairman Park Commission.

CORN BORER

All high standing weeds were cut and burnt on the following lots: Meadowbrook Park, High School, Mt. Pleasant Cemetery, Mystic Street Gravelpit and School site on Forest Street.

TRIMMING

The dead and dangerous limbs were removed on the following streets. A large amount of trimming must be done this year as a number of our shade trees have branches which hang low making it dangerous for travel. A partial trimming has been done on the following streets: Massachusetts Avenue, Pleasant Street, Park Avenue, Clarendon Avenue, Hillside Avenue, Westminster Avenue, Bartlett Avenue and Jason Street.

SCALE SPRAYING

The soft maples were badly infested with the Collony Maple Scale and should be sprayed early this spring. The Scurvy and

Oyster Shell Scale are on many of our maples; especially is this so on Massachusetts Avenue from Grove Street to Jason Street. These trees I have sprayed with sulphur and lime using lead as a spreader. The maples on Highland Avenue and a few on Jason Street have been affected with the Gleosporium disease, and it is necessary in order to hold the foliage to spray with Bordeaux mixture.

PRIVATE WORK

In addition to the work performed above, this department has taken care of the public parks in the Town and also has sent men to private parties with the understanding that they reimburse the Town for actual cost. The following is a summary of receipts and labor on private work and parks:

Received from Park Commission.....	\$187.48
Received from Public Library.....	31.69
Received from Board of Public Works.....	26.50
Received from private estates.....	499.17

Total.....	\$744.84
Labor on parks.....	\$187.48
Labor on lawn Public Library.....	31.69
Labor on Arberdeen Road.....	26.50
Labor on private estates.....	499.17
	<hr/>
Total.....	\$744.84

I would recommend that the sum of \$1,250 be appropriated this year. This is practically a reduction of \$200 as we received last year \$1,100 for an appropriation and \$350 awarded us by the Board of Public Works.

Respectfully submitted,

DANIEL M. DALEY,
Tree Warden.

REPORT OF BOARD OF PUBLIC WORKS

The Board of Public Works herewith submits its annual report for the year ending December 31, 1919.

At the Town Meeting held on March 3, 1919, Loren W. Marsh was elected member of the Board for the term of two years to finish out the term of office from which Samuel E. Kimball, who was elected March 4, 1918, for a period of three years, resigned on July 1, 1918. Clarence A. Moore was elected member of the Board for the term of three years vice Arthur Birch, whose term of office then expired. The Board organized on March 3 with the choice of Thomas D. Kennedy as Chairman.

APPOINTMENTS

At a meeting held March 3, Harold N. Willis was appointed Clerk of the Board, Water Registrar, Purchasing Agent and Bookkeeper. On March 10, George E. Ahern was appointed Superintendent of Public Works. These appointments were for the year ending April 1, 1920.

MEETINGS

The regular meetings are held each Monday evening. During the year the Board held forty-nine regular meetings and one special meeting.

The following are the net expenditures made under the direction of the Board.

Highway Division	\$78,196.95
Sewer Extensions	8,598.08
Sewer Maintenance	4,082.87
Water Extensions	9,066.54
Storm Drains	4,302.35
Summer Street Construction	4,614.11
Aberdeen Road Extension	599.67

Health Department	23,531.75
Snow and Ice	3,261.25

	\$210,305.34

HIGHWAY DIVISION

Whereas in 1918 no reconstruction street work was done, the Board determined if possible, despite that but \$5,000 was directly available for that purpose, to this year reconstruct a portion of Massachusetts Avenue. In order to take from the Highway Appropriation a sufficient amount to be added to the \$5,000 set aside for that purpose, about \$7,000 additional being needed, very strict attention to general maintenance work was given with the idea of doing only what appeared absolutely necessary, the Board feeling that this reconstruction work would reduce the cost of future maintenance. Thanks to the ever watchful care of our Superintendent, the cost of this maintenance work was kept down and the Board was able to reconstruct a section on the north side of Massachusetts Avenue from Water Street to about twenty-five feet above Schouler Court. This piece of road was reconstructed of asphalt macadam penetration method, a type of road much used by the Massachusetts Highway Commission on state highways and by several cities. The use of asphalt eliminates the necessity of yearly top treating with tar.

Permanent tar sidewalks were patched and the coming year more work should be done along this line as many of this style of sidewalk have not been treated at all since their construction years ago and now require certain repairs. The dirt sidewalks received considerable attention, being brought up to grade and treated with cinders or stone dust.

Storm drains were carefully gone over and cleaned when necessary.

The changed condition of traffic on our highways, the gradual disappearance of horse-drawn vehicles, their place being taken by automobiles, light and heavy trucks, and the great increase within the last ten years in the number of vehicles

on our streets, necessitates a different class of road construction from that which gave good service ten or more years ago, and the Board believes that the construction of a permanent type of roadway, although more expensive in the first place, will in the end be much more economical by reason of decreased maintenance cost. It might be interesting right here to give the result of investigations which have been made by the State of changes in number and character of traffic on the road. In 1909 and again in 1912, 1915 and 1918, the State stationed men for fourteen hours per day for seven days on certain heavily traveled roads throughout the state and found that in the nine years covered by their investigations light horse drawn vehicles have decreased 73½%, heavy horse drawn vehicles 51%, automobiles and light trucks have increased 604%, heavy trucks 341% in six years, as there were few heavy trucks prior to 1912, and the total number of vehicles has increased 243%. This showing in itself is certainly a plea for permanent construction on through streets, a plea which has been heard throughout the country, to which many states have already lent their ears and have made liberal appropriations of public money with which to meet the changed condition.

The Board takes this opportunity of notifying the citizens of Arlington that unless they take heed and make liberal expenditures annually for this purpose, the time will come and that before many years, when most of our heavy traffic streets will have reached a condition where patching will be impossible and general reconstruction necessary.

The Joint Board of Selectmen and Board of Public Works turned over to this Board certain reconstruction work on Summer Street, between Mystic and Brattle Streets; \$4,614.11 was expended on this work and \$599.67 on Aberdeen Road Extension.

Reference to Tables 1 and 2 will show the details of maintenance and construction.

The value of the property controlled by the Highway Division, January 1, 1920, amounted to \$26,240.32, classified as follows:

HEALTH DEPARTMENT

Twenty-two thousand, three hundred dollars were appropriated by the Town at the March Meeting for the collection of ashes, rubbish and offal. This was a reduction of \$1,390 from the amount requested.

Early in the season it became apparent that the appropriation would not hold out until the end of the year unless the regular service was curtailed. To accomplish this, monthly collections only of ashes and rubbish were made during June, July, August and September. Many of the citizens objected and the Board was criticised, but unless this had been done the appropriation would have been exhausted at a time when most needed.

During the year the equivalent of 7,460 single cart loads of ashes were collected and hauled by the various teams, an increase of about 2% over the previous year. Nine hundred and nine wagon loads of waste material were collected, a decrease of about 16%. The collection of garbage amounted to 346 cords, an increase of 7% for the year.

In 1920 it is proposed to extend the collections into Sylvia, Hibbert and other streets in that section where heretofore no service has been rendered, and where the Board of Health now deems this work necessary. The taking on of this new territory, together with the natural growth of the Town and the increased rates for labor, will greatly increase the cost of the work. It is to be hoped that if full service is desired the will vote the appropriation that will be requested.

WATER DIVISION

Four thousand, six hundred and five feet of water mains were laid during the year and connected with the Metropolitan system. Details of this construction will be found in Table 6.

The value of the property controlled by the Water Division January 1, 1920, amounts to \$16,147.07, of which \$7,396.82 is invested in buildings, equipment and tools, and \$8,750.25 in material available for new work.

SERVICES

Eighty new services have been added during the year and 11 services abandoned. There are for all purposes 1787 on the low, 1498 on the high, and 12 on the old reservoir system. On the Metropolitan water supply there are 22 services for municipal buildings included in the above and 11 for street watering standpipes and 40 for sewer flushing purposes. On January 1, 1920, 131 services were temporarily out of use.

METERS

Sixty-nine meters were set on services installed during 1916, 1917, 1918 and 1919. The total number of meters in use January 1, 1920, is 3,246.
